

BOMB HURLED IN NIGHT

F. DREW CAMINETTI CASE GOES TO JURY

DEFENDANT PLAYED BY SULLIVAN

Government Prosecutor Puts on Finishing Touches

Judge Van Fleet Delivers His Instructions to "Millionaires"

SAN FRANCISCO, Sept. 5.—The Caminetti jury retired to deliberate at 12:13 o'clock. The Court completed his instructions at 12:07 p. m., and Attorney Marshal Woodworth thereupon protested against Judge Van Fleet's failure to deliver certain charges requested by the defendant.

SAN FRANCISCO, Sept. 5.—F. Drew Caminetti, son of the Commissioner-General of Immigration, sat with flushed face and twitched fingers this morning as he listened to a denunciatory address by the Government's special prosecutor, Matt Sullivan. The prosecution had the last inning today. With the final words of Attorney Robert Devlin last night all that could be said in behalf of the defendant was spoken and the government was given chance for argument.

The defense wanted the case given into the hands of the jury last night, but the Court would not consent. The trial, which has attracted the attention of the entire country, is now proceeding at a rapid pace. It is expected that the jury will reach a verdict by noon today. Many have been free to say that the attempt to shift the blame on Maury I. Diggs as the ringleader in the elopement trip to Reno has been successful, and at least Caminetti can expect a disagreement. Others look for a conviction on all four counts of the indictments, and this is what Sullivan demanded at the hands of the "millionaire jury" this morning.

FAMILY PRESENT. Mrs. Anthony Caminetti, mother of the defendant, his wife and elder child

(Continued on Page 2, Col. 4)

ASKS WALKER FOR DATA ON CORSET

Woman Manufacturer Fears They Are Being Discarded

Wanted—A women's auxiliary to the Merchants' Exchange. Secretary Walker, among his duties, is expected to bring factories to Oakland, but there's some information wanted that he cannot get. For instance, he has to find out if women of the West are discarding the corset. If they are not, he may attract a corset factory to Oakland. But how to get the data is the question, and the secretary is "stumped."

Mme. Dupon, of New York, claiming to be the inventor and only maker of the original "Tango elastic corset," wants to establish a factory in the West. "I have heard, however," she wrote Walker, "that your women are extremely athletic and are discarding corsets. Now, if more than 45 per cent of them don't wear corsets, I wouldn't move me to establish a big plant, move machinery to Oakland and hire workers. Please find out how many women—that is, what percentage don't wear corsets. If business appears good enough I will establish one of the biggest corset factories in the country on the coast. Also, please give me Oakland's tax rate, a description of the climate, and tell me about the type of women you have; are they large and athletic? Do they care for the type of corset that are they active? The type of corset I will manufacture depends on this."

"If we had a women's auxiliary I would refer the letter to them," declared Walker. "As it is, I will refer it to the Civic Center. This is no joke. It means the establishment of a big factory. I really want to give Mme. Dupon her information, but how is a mere man going to get it?" Walker will canvass local drygoods stores today to get statistics on Oakland's corset trade.

GIRL ROUTS WOMAN BURGLAR

MAYOR INVITES ALL STATE OAKLAND SENDS GREETINGS

TO THE PEOPLE OF CALIFORNIA: In accordance with established custom, the Native Sons of the Golden West and the Native Daughters of the Golden West have arranged for the annual celebration of Admission day, September 9. The observance this year of the sixty-third anniversary of the admission of California into the Union will take place in Oakland. It will be marked by an unusually elaborate program, covering four days, September 6, 7, 8 and 9, including public concerts, illuminations, social reunions, children's festivals and closing with a spectacular parade on Admission day. Oakland has made extensive preparations to entertain thousands of guests during the celebration. The city has been brilliantly decorated. Its citizens have generously contributed to the entertainment fund, and a large appropriation has been made by the municipal government. In behalf of the citizens of Oakland and the city government I cordially invite the people of the state to join in this celebration. Oakland opens its doors to you in fraternal greeting, bids you hearty welcome and offers good cheer and entertainment within its gates so that the glorious history of our state shall be vividly kept before us at all times. FRANK K. MOIT, Mayor of the City of Oakland. Oakland, September 5, 1913.

GOLDEN BEAR READY TO BEGIN YEARLY FROLIC

ORDERS CANADIAN TRIAL FOR THAW PLANS COMPLETED FOR N.S.G.W. PARADE

Judge Gervais Issues a Writ Compelling Hearing Members Will Have the Time of Their Lives While in Oakland

BULLETIN. MONTREAL, Sept. 5.—Judge Gervais today issued a writ of habeas corpus calling for the production of Harry K. Thaw in Montreal at once. The ground taken, it is said, is that Thaw is not an immigrant in the true sense of the word. Should the writ be sustained Thaw will be brought to Montreal, where his case will be heard before the court of appeals. A special train, it is said, was held in readiness this afternoon to take Thaw's Montreal lawyers to Coaticook to serve the writ on Thaw's custodians there. In the meanwhile at Coaticook telegraphic notice was served on the immigration authorities there that Judge Gervais had granted the writ.

BULLETIN. COATICOOK, Can., Sept. 5.—Thaw was ordered deported by the special board of inquiry this afternoon, but an immediate appeal was entered. Furthermore, the restraining order granted at Montreal prevented his removal. Thaw was found deportable on two counts. First, having entered the Dominion by stealth; second, having been an inmate of an asylum within five years. COATICOOK, Sept. 5.—William Travers Jerome relaxed his vigil in the case of Harry K. Thaw today for the first time since he was retained by New York state to bring about the fugitive slayer's return to Matteawan. The reason was that Jerome was in jail. For nearly an hour he stood in a small cell in the Coaticook lockup, charged with "common gambling on railway property." Shortly before noon he was released on \$500 bail for a hearing before a magistrate tomorrow morning. The witnesses examined were Thaw himself and Franklin Kennedy, deputy attorney-general of New York. Thaw was on the stand less than two minutes. He was asked one question: "Did you see the man who killed Stanford White?" "On the advice of counsel, I decline to answer," he replied.

(Continued on Page 2, Col. 7)

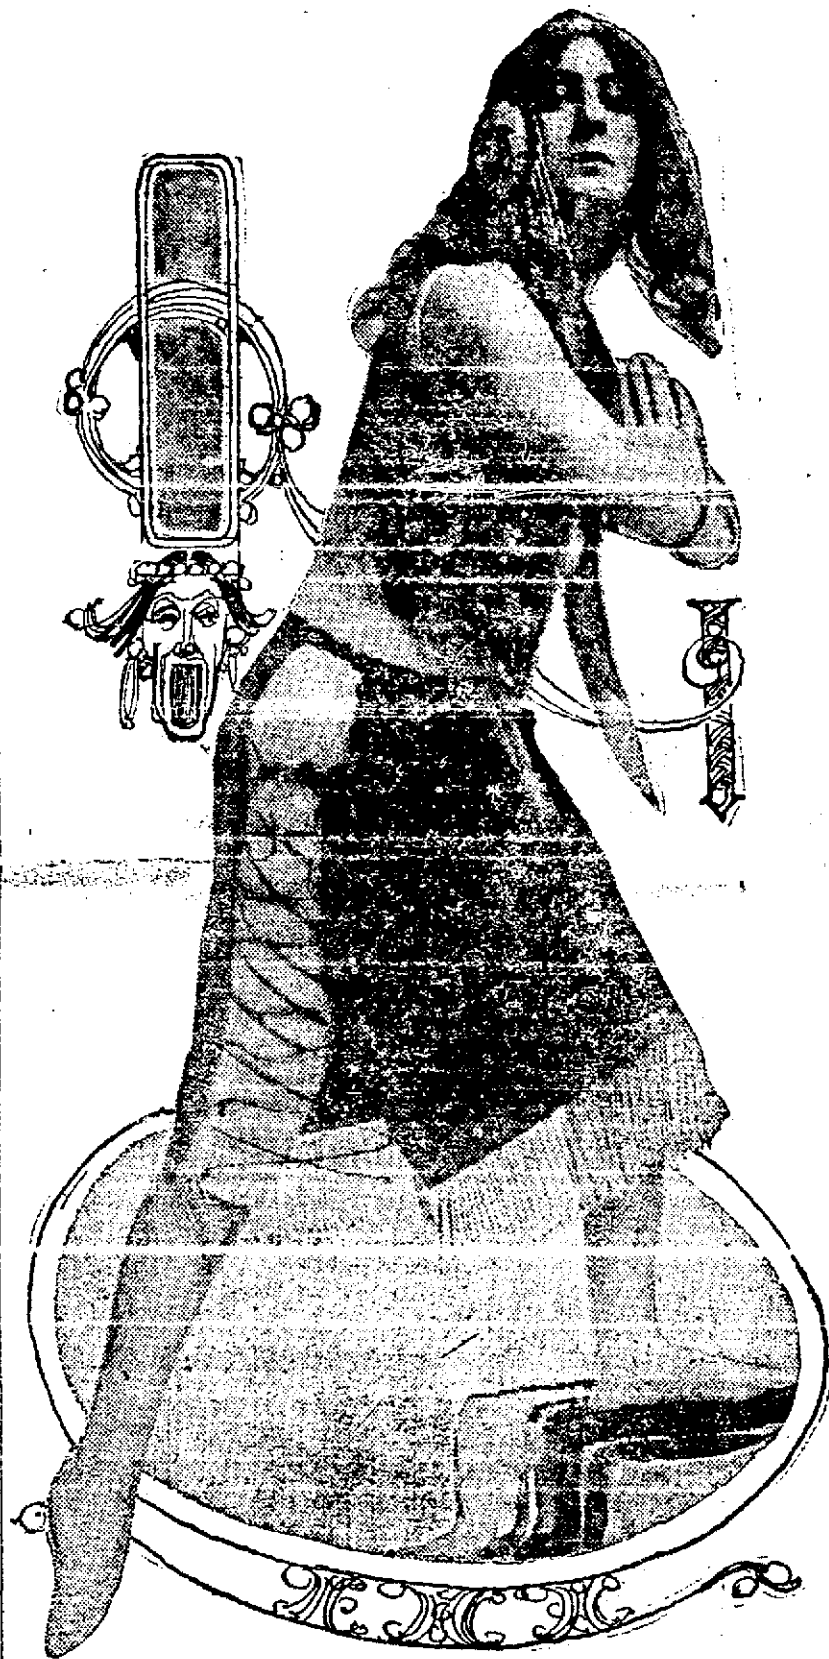

Sheriff Barnet on Trail of Escapes

Sheriff Frank Barnet, accompanied by Collier and Joe Soares, left the county jail this afternoon in an automobile to follow up clues which, it is possible, may lead to the capture of Robert Bradley and Robert Graham, the men who escaped by breaking jail early last Monday morning. It is understood that Graham has been seen not far from Oakland by persons who notified the sheriff. A number of clues have been followed and it is likely, declare the officers, that the men will be taken into custody before long.

Bodies Were Robbed, Declares Coroner

NEW HAVEN, Conn., Sept. 5.—That there were wholesale and disgraceful robberies from dead bodies at the railroad morgue is declared by Coroner Mix in a report today to Chief of Police Smith, requesting him to apprehend the culprits. Coroner Mix said today that during the inquest witnesses told of men cutting fingers off dead passengers to get rings and of persons searching clothing of injured passengers to secure money or valuables. In today's investigation between the witnesses testified that engineers of the New Haven railroad frequently pass dead signals of the bandy type in foggy weather without stopping.

What Is the Coming Dance? Less of Rag, More of Beauty

MISS ROSEMARY ZILZ, WHO BELIEVES THERE IS MUCH THAT IS BEAUTIFUL IN "RAGGING" AND MUCH BAD.

BLOODHOUNDS ON TRAIL OF FIEND TO RAG OR NOT TO RAG--QUESTION

High School Girl Is Attacked in Bedroom; Posse Pursues

Following a brutal attack upon Ivy Keeton, a beautiful Fremont High school girl, by a thug who broke into her father's home at 1 o'clock this morning, residents of Elmhurst and the police placed bloodhounds on the trail of the man, and the scent is being followed in the hope of capturing him in the hills back of Elmhurst. The attack upon the girl formed the second time that the Keeton home has been entered in the past few weeks by burglars. The first attack was made upon an attack upon Lydia, the older sister of the girl, mistreated this morning. William J. Keeton, yardman for the Southern Pacific Company, heard the screams of his daughter and rushed into the room from the adjoining bedroom. He found the man with a rope looped about the girl's throat, attempting to choke her into insensibility. The father leaped upon the thug, but the man broke away and jumped from the window and escaped in the darkness.

Tom Wood are working on the case today and a vigilance committee of citizens organized today to follow the trail of the man—a bloodhound. It is feared by the police that if the man is found by the citizens a lynching may follow and the police are working to capture the man and take him to the city prison. Two days ago, believing that there would be no repetition of the intrusion, the police were lulled into a false sense of security. (Continued on Page 2, Col. 5).

BLACK HAND ATTEMPT MADE

Courtship of Girl the Cause of Effort to Take Life

James Tesora Gets a Threatening Letter and Bomb

A FEUD, involving his courtship of a pretty girl of the Temescal colony in North Oakland, in which an attempt was made against the life of James Tesora, 4703 Shattuck avenue, was reported today to the police of the northern station, and Captain J. F. Lynch and Captain of Inspectors Lou Agnew are working to prevent the feud from culminating in tragedy. It is feared that either a stabbing affray in the night, or an attempt to blow up the Roma Bakery, 4703 Shattuck avenue, may be the result of the bad feeling between two rival groups or clans.

Following the placing of several "Black Hand" letters of warning in the room of Tesora, the men who have terrorized families living in the neighborhood last night hurled a heavy bottle containing sand and some black substance which the police believe may be an explosive. The crude bomb failed to explode, but the crash of the breaking glass from the window and the sound of Tesora's falling from his bed aroused other occupants of the house, and households were kept in a state of terror throughout the night.

The hurling of the quart bottle and its mysterious contents through the window was heralded not only by the sending of the warning and threatening letters, but also by the visit of a delegation of Italians who demanded to know where Tesora slept in the house. The strange attempt last night followed closely upon the investigation conducted by this group of men.

MISCREANTS ESCAPE

The bottle was hurled through the window of Tesora's bedroom shortly after midnight. The miscreants escaped in the darkness.

The police will have the contents of the bottle analyzed. While the police believe that it may contain an explosive, the men who reported the matter offered the explanation that the sand might be mixed with some strange poison that would poison the air of the room, or that might poison Tesora should he step from his bed upon the broken glass and fine, sharp crystal pointed sand.

Miss Caroline Gambirino, who keeps a notion store in the same building as the Roma bakery, reported to the police the visit of the three men who sought to find where Tesora slept.

The building is occupied by the Roma bakery and there are rooms at the rear. Mr. and Mrs. Michael Ghiorso occupy one of these rooms. Miss Gambirino and Tesora a third. In the notes written by the alleged "Black Hand," Tesora is ordered to leave the room he occupies on penalty of death. "Will you please leave this room?" was the wording. In Italian, of the first note found last week.

Two days later the tone became threatening. "You will be sorry if you do not leave," was the message. Then came the third note. It read: "You are too late. You have no time to leave now."

The colony in Temescal is greatly excited over the sending of the notes. Tesora is greatly disturbed because the missives were mysteriously placed in his room and he is unable to discover how they were carried into the room without the knowledge of anybody in the house.

"We are keeping close watch," said Chief Petersen today. "Such threats are not to be taken lightly. We will prevent a tragedy occurring if we can do so by vigilance." The mysterious bottle has been brought to the central laboratory and its contents will be as closely kept for evidence. The attack upon Tesora is believed by the police to be the result of his paying court to a young woman residing in the house where he has lodgings.

MISS ETHEL HARDWICK.

Fatally Injured as Auto Strikes Train

BAKERSFIELD, Sept. 5.—E. J. Boust,
founder of the town of Boust in the west
side oil fields and Wm. "Baldy" Wilson,
a former saloon keeper of this city,
were fatally injured this morning about
20 o'clock when the automobile in which
they were riding collided with a south-
bound Santa Fe train about four miles
south of this city.

DEFALCATION REPORTED.

WASHINGTON, Sept. 5.—A defalcation
of \$180,000 in the State National
Bank of Fort Worth, Tex., was re-
ported today to Thomas R. Kane, acting
comptroller of the currency, by
National Bank Examiner Van Zandt.
The shortage will not affect the solvency
of the bank.

Will Weigh Pastor's Resignation Monday

Whether the resignation of Rev.
Frank L. Goodspeed, pastor of the
First Presbyterian church of this city,
will be accepted or not will be deter-
mined at the quarterly meeting of the
Oakland Presbytery, which will be
held next Monday and Tuesday in the
First Presbyterian church of Berkeley.
Dr. Goodspeed will preach Sunday
morning and evening in the local
church, and after the devotional serv-
ices there will probably be a meeting
of the members of the session of the
church, to whom will be submitted the
motion in which the Presbytery will be
asked to demand the resignations of
the officers of the church who op-
posed Dr. Goodspeed.

PROSECUTION SETS FORTH ARGUMENT

Accused Slaver's Case Goes
to Jury at 12:13
Today.

(Continued From Page 1)

and Mrs. Maury I Diggs were present
during the closing arguments. Mrs.
Caminetti lingered for a while in the
anteroom before going into court,
fearing that she would not be able
to stand the thrice of denunciation
heaped upon the head of her son. A
fair-sized audience was also present.
Attorney Robert Devlin was granted
twenty minutes additional time before
prosecutor Sullivan began.

"I don't want you to be carried
away by emotion," he pleaded.
"There are other women whose hearts
are breaking at the plight in which
I stand and a wife find themselves.
I am a victim of your hands. I am
sympathetic, but I want you to look
at the case, coldly and impartially.
You are not judging this defendant
for general immorality or because you
don't like what he has done. You
are not to be swayed by threats. You
are not to be carried away from the
facts of the case by emotion."

FREQUENTLY INTERRUPTED.
Attorney Matt Sullivan was fre-
quently interrupted in his address by
Attorney Marshall Woodworth, whom
the court adjourned twice that he
should not break in upon counsel. The
attorney's subsequent calling of "ex-
ception" now and then brought smiles
to the faces of Judge, jury and offi-
cials.

"It is the sanctity of the home that
we are defending here," began Attor-
ney Sullivan. "This defendant took
an innocent girl, Lola Norris, to Reno
to satisfy his passion. He took her
away from her home and friends. He
took her over the state line into Ne-
vada. By his failure to testify he
has admitted these things. By his
silence he has not denied them."
Sullivan, continuing, said: "I don't
want you to decide this case out of
sympathy. I don't want you to render
your verdict out of pity for the
defendant's mother, or his wife, or
his children. I want you to remem-
ber that there are other mothers,
wives and children. The mother and
father of Lola Norris. Let it not be said
that in California a man can take a girl,
debauch her and go into another
state. I call upon you for a verdict
of guilty on all four counts."

Sullivan concluded at 11:25 o'clock
and Judge Van Fleet immediately be-
gan to instruct the jury.
Judge Van Fleet's charges were
very similar to those delivered in the
Diggs case. He interpreted the Mann
white slave act and said it was a good
law, believing, however, that its pro-
visions would make no difference so
far as his opinion was concerned. He
held, also, that because four had ac-
cused Caminetti in leaving Sacramento,
this did not absolve him from having
committed a violation of the Mann
act. If it was proved that he had gone
to Nevada ultimately with Lola Norris
for an immoral purpose.

FRENCH DEDICATE SITE FOR PAVILION

Commissioners Review
Troops at Presidio
With Officials

SAN FRANCISCO, Sept. 5.—The
French Commissioners to the Panama
Pacific Exposition formally dedicated
this afternoon the site of France's pavilion.
In connection with the dedica-
tion ceremonies the commissioners
and exposition officials participated in
a review of troops at the Presidio.
The commissioners have been
charged by the government to take
the necessary steps to protect the
rights of French exhibitors and to
obtain guarantees that the necessary
customs exemptions shall be obtained
with less formality and delay than pre-
venting the misrepresentation of the
contents of packed goods and the
imitation of labels shall be firmly ob-
served.

On the commission's success in win-
ning these guarantees, according to a
statement issued by the visitors and
the expected tariff reductions, will
depend the action of the French gov-
ernment regarding exhibits.
The commissioners were busy today
gathering data for a report to be made
to the French Minister of Commerce,
and on which the cabinet will base
its recommendations to parliament.

BERLIN, Sept. 5.—The organiza-
tion formed for the purpose of en-
couraging the movement to bring
about German participation in the
Panama Pacific Exposition in San
Francisco opened a central office
here today.

Moller Cuts Throat In Suicide Attempt

NEW YORK, Sept. 5.—Word was
received here today that Christopher
Moller had attempted suicide by cut-
ting his throat in a hotel in London.
Hope for his recovery was held out
in the message received here.

Woman Suspected Of Stealing Money

WASHINGTON, Sept. 5.—Search is
being made today by the police for a
young woman who disappeared from
the home of Mrs. William J. Thomas
at approximately about the time that a
skirt in which Mrs. Thomas had
pinned \$1000 in bills of various de-
nominations also was discovered
missing. The money represented the
proceeds of a real estate deal and
Mrs. Thomas pinned it in her skirt
which she retired. She
awakened to find it and the money

FEAR POSSE MAY LYNCH ASSAILANT

Citizens and Police Search
for Man Who Attacked
Girl.

(Continued From Page 1)

stout into his home. Keeton removed
the nails from the windows.

NEGRO SUSPECTED.

The girls attacked believed that the
man was a negro. A good descrip-
tion had been obtained and the two
girls believe that they saw the man
the night of the attack. Two suspects were taken
into custody this morning, but Ivy
Keeton failed to identify either, and
they were released.

On the first occasion the man en-
tered the place in his underclothes,
barefooted, and stole to the bed,
where he remained until the girls
awakened.

The girls attacked believed that the
man was a negro. A good descrip-
tion had been obtained and the two
girls believe that they saw the man
the night of the attack. Two suspects were taken
into custody this morning, but Ivy
Keeton failed to identify either, and
they were released.

On the first occasion the man en-
tered the place in his underclothes,
barefooted, and stole to the bed,
where he remained until the girls
awakened.

The brutal thug first awakened
Myrtle Keeton, 10 years of age, this
morning. There are three bedrooms,
all in a row. Keeton and his wife
occupy the first, Ivy and Fern the
second, and Myrtle, Vina and Kate,
all little girls, the third. The man
entered Ivy's room without awaken-
ing either Ivy or Fern, and walked
into the room occupied by the three
little girls.

AWAKENS CHILD.
There he awakened Myrtle, aged
10, while bending over her. The girl
twisted and made a frightened, gur-
gling sound in her throat. The thug
hastily threw the bed clothes over
the girl and dropping to his hands
and knees crawled back into Ivy's
room.

Ivy had heard her sister's cry, and
when the man perceived that she was
awake he leaped upon her and threw
her back on the bed. She struggled
with him for a moment, when sud-
denly he twisted her rope about her
throat and drew it tight, holding her
in unconsciousness. The struggle
was heard by the father and the man
was driven from the place.

Keeton was hindered in his rush
to the rescue of his daughter by the
fact that the intruder had taken her
precaution to close the door between
the two bedrooms and to snap the
lock. He had also closed the door
between the two bedrooms occupied
by the two girls.

The rope used in choking Ivy was
cut from a swing in the yard and the
clean cut ends of the rope indicated
that the fiend had a razor-edged
knife on his person when he entered
the house.

That the man has been lurking
about the Keeton home for the past
five nights was discovered when
Glenn Ebert, a boy living at 10521
Permain street told of seeing a stran-
ger moving about the yard in his
neighbor's place at night. The Ebert
boy watched the man from a sleep-
ing porch, at according to his story
first saw the man about five nights
ago.

DESCRIPTION GIVEN.
The thug is described as a tall and
powerful man, very dark in complexion
and resembling a negro. Ivy told
the police that she believed him to be
six feet in height or over, and slim
and lithe of build. He entered the
house barefooted and the girls stated
that he moved with a feline tread
from room to room and that his ac-
tions were swift and catlike. He wore
a dark shirt, blue overalls and a
small light cap. When he entered
the home July 26 he was in his un-
derclothes only.

"I shall obtain a gun and keep my
windows nailed," said Keeton today.
"The girl is not seriously injured, but
the nervous shock has been great,
and my wife and girls are in a state
of nervous hysteria from the fright.
If the fellow enters my place again
I shall shoot him down without a
word."

Mrs. Lyons Is Sane; Now "Will Be Good"

SAN FRANCISCO, September 5.—Mrs.
Vivian Lyons was discharged by the in-
sane board and held to be perfectly
sane after a hearing lasting one hour
this morning. She was then taken in
charge by Mrs. M. W. Vaughn, a social
worker of 969 Pine street, and is going to
wash dishes, scrub floors and become
really domesticated according to her an-
nounced intention. She has decided to
avoid the bright lights, the lobster sup-
pers, and the auto rides and be "real
good."

Woman Fined \$3500 On Smuggling Charge

TRIDENT, N. J., Sept. 5.—After plead-
ing guilty, without criminal intent, to the
charge of smuggling, Mrs. Annie Velle of
Moline, Ill., was fined \$3,500 in the federal
court here yesterday. Her maid was
fined \$50 on a similar charge. The fines
were paid by Mrs. Velle's husband.
Mrs. Velle and her maid were held after
disembarking at Hoboken on August 19,
on the charge of attempting to smuggle
jewelry, including a pearl necklace, a gold
watch and a ring, and several dresses.

STOVE FIRM BUYS SITE FOR PLANT AT RICHMOND

RICHMOND, Sept. 5.—Announcement
was made yesterday by Chandler, Bourn
& Miller, realty operators in the annexed
district, that they have sold a site to W.
D. Lewis of San Francisco for the future
home of a large assembling plant for new
stoves and ranges. The plant will be
located on the Syndicate Business
Blocks, near the Pullman plant, and on
the bay shore, and will give employment
to a large number of men when completed
and ready to open up. The erection of
suitable buildings on the site has been
begun.

(Continued From Page 1)

represented in a mammoth pageant Monday evening will see the unique electric parade, worn floats, illuminated with electric bulbs and escorted by the different parades, will parade through the city.

There will be between 15 and 20 electric floats in line and more than 5000 Native Sons and Native Daughters of San Francisco parades, who will arrive in Oakland on special boats that evening will join the procession at Second street and Broadway, Grand Marshal Harry G. Williams announced today that the parade would be one of the finest ever seen in the west and no expense has been spared in making it a success.

ROUTE OF PARADE.

The parade route will be as follows: Beginning at Fourteenth and Market streets at 8:45 o'clock, up Fourteenth to Washington street, to Second street, to Broadway, to Twenty-second street, countermarching in Broadway, to Thirtieth street, to Lakeside boulevard, back to Twelfth street to Broadway, to San Pablo avenue, to Portico street.

Lake Merritt and Lakeside park will be the scenes of numerous features. A concert will be held at Lakeside park Sunday afternoon by the Oakland park band under the direction of Paul Stenford. A pageant depicting the history of California in beautiful tableaux will be given by more than 500 school children under the direction of the playground commission Monday afternoon. The children are rehearsing daily for the pageant which promises to be one of the features of the celebration. Tuesday afternoon the parade will start at 10 o'clock from Castro and Piedmont parades, N. D. G. W., will give a competitive drill for a handsome trophy. There will be 24 privates in addition to the officers in each team. The two teams are expert in drills and have long been famous in the annals of the N. D. G. W.

The literary and musical program will be held at 3:30 o'clock Tuesday afternoon. The address of welcome will be made by District Attorney W. H. L. Hynes and the response will be by President Thomas Monahan. The address of the day on the subject, "The Admission of California into the Union" will be by John F. Davis. "I Love You, California," will be among the musical numbers.

TO SEE FIREWORKS.

Fireworks displays will be given on Lake Merritt Monday and Tuesday evenings at 8 o'clock. Some of the set pieces will be 300 feet long and will be the greatest ever shown in the state. Two 76-inch bombs, the largest ever fired in the west, will be among the fireworks used.

Congressman Joseph R. Knowland, as chairman of the general committee, is already directing the preliminaries of the celebration. He is assisted by K. F. Hinrich, Claude W. Fairchild, Frank H. Dearborn and M. F. O'Connor.

The different parades planning special features for the parade and the other events of the big celebration are already represented by officials who are in Oakland arranging for the display of floats, for band competitions and such activities. All this morning the general committee headquarters in the Merchants' Exchange building was a hive of industry as final details were disposed of.

National Parlor No. 118 is among the leaders in the plans for special features. This parlor has already opened its headquarters in Woodmen's hall. It will carry out the following program:

September 7—Annual celebration round-up for members and families, Cliff House beach.

September 8—Night parade in San Francisco via Creek Route to Oakland.

MARCH IN PARADE.

September 9—Grand parade 125 uniformed men in line under the command of Captain Phil Neumann, headed by Drum Major John von Staden, who led the First Regiment volunteers at Manila during the Spanish American War. Prof. Henry Meyers' Military band of twenty pieces will furnish music for parade and at headquarters. The members will wear their new uniforms of dark olive green cloth cut military design, including U. S. A. officers' cap, same color; gold braid band, tan gloves, dark shoes and a beautifully designed badge.

Following the parade the members, their families and invited guests will be served with lunch at headquarters.

September 9, 8:30 p. m.—Reception and hall to visiting parades and friends. Refreshments served during the evening.

The 1918 Committee of arrangements—W. W. Vaughn, chairman; W. E. McCree, G. F. White, F. Glocker, D. F. Ryan.

The officers of the National Parlor are as follows: Junior past president, P. J. Neumann; president, H. T. Unkewitter; first vice-president, F. M. Buckley; second vice-president, J. E. Kindel; recording secretary, M. M. Ratigan; financial secretary, D. E. Murden; marshal, G. V. Ellis; trustees, H. F. Likendey, A. J. Kaisev and W. Leonard; sergeants, D. J. G. Morrissey and Dr. H. C. Vonder Leith; outside sentinel, W. E. Clarke; inside sentinel, R. D. Johnson; organist, F. S. Woolver.

TO RECEIVE PRESS.

Invitation was extended to the members of the press and all visiting newspaper men at the N. S. G. W. celebration headquarters at 1012 Broadway, Monday afternoon during the next four days. Typewriters, telephones and other facilities will be offered, and the information bureau will be at their command. The invitation was extended by Secretary

Henry Vogt. The headquarters are at 431 Twelfth street, the Merchants' Exchange.

Chief of Police W. J. Petersen has issued the following suggestions to the public in relation to the celebration:

"The city will be filled with strangers during the celebration and as usual the criminal element take advantage of the crowds on the streets and absence of residents from their homes, to commit crime.

"Do not forget to lock your doors and windows when leaving home, and if out during the night session, leave your porch light burning.

"Provide a safe place for your valuables.

"Look out for pickpockets. Do not keep your pocketbooks or valuables in rear or side pockets. Valuables or pocketbooks placed inside of the coat or vest and the top of the pocket fastened with a safety-pin, you will find, will prevent the loss of money and things of value.

"Keep your coats buttoned when in crowds.

"Keep your eyes on persons who try to crowd or disturb you or engage you in conversation so as to distract your mind from being on the alert for your own protection.

WARNS OF "DIPS."

Remember that a pickpocket seldom works alone, and while his confederates crowd or crowd you or do something to distract your attention one of the gang takes your valuables and hands it to another member of the gang if suspicion should arise or an outcry be made.

"The parade of the Native Sons of the Golden West will contain about 7000 persons and streets of the line of march must be kept clear from curb to curb. The police officers are required to see that the streets are kept clear, so do not become impatient when they request you to comply with the orders they themselves have received.

"The parade will be composed of Native Sons and Daughters of the Golden West and their guests, and no vehicle of any kind bearing advertisements, nor persons, will be permitted in the procession who are not the guests of the Native Sons of the Golden West.

"Drivers of automobiles and other vehicles must drive very slowly in the central district and be on the alert to receive instructions from members of the police department during the passing of the parade.

"Street cars automobiles teams, vehicles or persons will be prohibited from being on the streets between the march lines during the time of the line of march.

CITY TO BE HOST.

"The city of Oakland will be the host of a large number of visitors, so let each resident of our city do his share in making our visitor welcome and thereby add to the splendid reputation our city has already acquired.

The parade will commence at 10 o'clock a. m. from Tenth and Market streets, and the line of march will be as follows:

"From Tenth and Market streets east along Tenth street to Clay; south on Clay to Seventh, to Washington, to Fourteenth, to Clay, to San Pablo, to Nineteenth, to Telegraph, to Broadway, south on Broadway to Second, countermarching on Broadway to Twelfth, to Alice, to Thirtieth, to Broadway, north on Broadway, passing the revolving stand at Sixteenth, Broadway and Telegraph; thence out Broadway to place or dismissal at Twentieth street. W. J. PETERSEN.

The schedule of arrivals for the different parades of the State, is, as far as has been reported to the general committee, as follows:

MANY ARRIVALS.

Stockton Parlor, No. 7, arrives on the evening of September 8. Others arrive as follows: Modesto, Oakland, Merced, September 9, 3 a. m.; San Jose Parlor, No. 12, September 9, 3 a. m.; Tamalpais, No. 64, September 9; Gordon City, No. 12, September 9; La Estralla, No. 89, N. D. G. W., September 9; Santa Cruz, No. 90, September 9, 3:30 a. m.; Las Positas, No. 96, September 9; Nian-

"Oakland's
Largest Clothiers
Welcome the
Native Sons"

A NY occasion that brings a lot of neighbors and friends together in some sort of a reunion—is a good thing for all of us. It's a fine thing to shake hands with old friends and make a lot of new ones; to "compare notes" on the events of the past, and discuss plans for the future.

Hart, Schaffner & Marx Fine Clothes
Prices \$20.00 to \$40.00

In Suits and Fall Overcoats. The new fabrics are particularly attractive; many new grays, blues, browns; many fine imported weaves in new patterns and colorings.

The Best Man's \$15 Suit in Oakland Is Here

We make a specialty of suits at this price—all the woollens are carefully selected for their all-wool wearing quality. The suit is made with the thought that it must give "Solid Service." The patterns are necessarily neat and non-dust showing. All sizes from 34 to 50.

Young Men's "English" Suit

A Suit cut on the more practical English lines for young gentlemen. A variety of materials and the newest Fall patterns. Excellent wearing qualities.

Prices \$15.00 Upward

Boys' \$5 TWO PANT G braltar Suit

A Suit made especially for Heeseman's. Heavily reinforced in all wearing parts. Extra pair of pants. A Suit that can't be duplicated elsewhere.

Prices \$6.50 Upward

Heeseman's \$1.00
Shirts

The biggest \$1.00 Shirt value ever offered. A quality Shirt with non-shrinkable neckband and guaranteed fast colors.

Price \$1.00

Cooper's Union
Suits

dale, Moraga and Santa Cruz Parlor, Rice hall; South San Francisco, No. 157, Hotel Angeles, Laura Loma, No. 152, N. D. G. W.

Latest Zeppelin Can
Cross the Atlantic

BERLIN, Sept. 5.—Belief in aeronautic circles that a trans-Atlantic trip by airship is not impossible has been revived by the completion of Count Zeppelin's latest craft. Engineers at his factory in Friedrichshafen assert that the new dirigible which will make its first ascent next week, will be the first airship really suitable for the unaided crossing of the ocean, although no such attempt has as yet been projected. The airship will be launched next week. It is 520 feet long and 52 feet in diameter, the largest Zeppelin craft yet built. It will be driven by four motors, each of 205 horse power.

Haldane Says Speech
Outlined British Policy

LONDON, Sept. 5.—Viscount Haldane, lord high chancellor of Great Britain, who is a passenger on the steamer Lusitania on his way home, sends a wireless dispatch to the Mail confirming the statement of Francis Rawle, chairman of the committee that received the lord chancellor on his arrival at New York, that Lord Haldane's address before the American Bar Association at Montreal was an official pronouncement of the British government's policy.

WANTS TROUBLES
KEPT FROM FOLKS

W. D. Bowers Makes Pathetic Plea That Arouses Judge's Sympathy.

"I would rather give my left arm than have the folks at home know that I am in trouble," declared W. D. Bowers to Superior Judge J. D. Murphy this morning, when he was arraigned for sentence on his plea of having passed a fictitious check for \$5.

For three weeks Bowers has been in the county jail, steadfastly refusing to have his case referred to the probation office. Assistant District Attorney Cary closely questioned the defendant this morning and brought out the man's story.

Bowers was arrested last August for a check for \$5. He had been employed by a firm engaged in constructing exposition buildings in San Francisco.

WOMEN INVOLVED
In Strikers' Fight

CALUMET, Mich., Sept. 5.—Women arrayed themselves against women in the copper mine strike situation today. Women in families of non-union men have taken an active hand in the cause of their men folk and are escorting them to and from work. They are determined to "mix" with women strike sympathizers. Some of the women have applied for positions as deputies but none has been accepted.

GO FISHING AND FAIL TO RETURN

Two Men, Missing Since September 1, Being Sought by Police.

SAN FRANCISCO, Sept. 5.—Frank Petrels, aged 29, and Daniel Henry, aged 25, have been missing since September 1, when they left home and went fishing near the Six Mile house. They have not been seen since and their continued absence lends color to the belief that they may have met with an accident. Mrs. Emma Kash of 2164 Twenty-sixth street, reported the facts at police headquarters this morning asking that an inquiry be begun. Petrels is 5 feet 7, weighs 170 pounds, dark complexion and has blue eyes. Henry is 5 feet 9 inches, 160 pounds, smooth shaven with dark hair and eyes.

THROWN IN RUNAWAY; DROWNED IN CANAL

STOCKTON, Sept. 5.—John Thomas, a patient at the Stockton state hospital, was killed yesterday when a farm wagon containing thirteen patients and three attendants was dragged into North street canal. The patients were on the way to the asylum farm when the horses took fright at an automobile and plunged into the shallow water. Thomas fell beneath the wheel and was drowned. Thomas was committed from Tulare on November 28, 1901.

MILLS COLLEGE STARTS 28TH YEAR

Many Improvements in Equipment Placed Into Operation.

Mills college has entered upon its twenty-eighth year, students being enrolled from every state on the coast and interior. Improvements have been made during the summer vacation, and the equipment of the school is greatly enlarged. The department of home economics has another assistant in design and advanced sewing. The top floor of Nathaniel Gray hall of science has been equipped for lecture and physical laboratory of the department of physics, which will be under the direction of Professor Earl G. Lindsey. Miss Richmond and Miss Kitchell have taken charge of the department of chemistry. Mrs. Arville has come to Mills as the head of the French department, and will introduce a new method of conversational French. Other teachers who have returned from a leave of absence this semester are Miss E. M. Herrmann and Dr. Brousseau. Dr. Frank L. Goodspeed will preach at the college at 11 o'clock next Sunday morning. Friends of the students and faculty are invited to be present.

BLANCHE TRELEASE IN TERPSICHOEAN NOVELTY

A theatrical event of more than ordinary interest is the auspicious engagement of Blanche Trelease with Dillon and King's Gingers at the Broadway Theatre this week. The vivacious little southerner, surrounded by eight dashing girls, the cream of the captivating chorus that made the first row so popular at the Columbia, is presenting a terpsichorean novelty well sprinkled with melodious melodies. As a vaudeville offering, the act is distinctly in a class by itself. Containing the very essence of joyous musical comedy, whistleable song successes, unusual dancing, superb costuming and gracious femininity, this exhilarating variety tit-bit is as cool and refreshing as a summer breeze on the hottest day in June. The act is a sterling example of the variety of joys and thrills one may delight in during the 13 minutes allotted to the number. With her Parisian conception of "On the Boulevard," Blanche Trelease is scoring an emphatic hit in this laughing song of intoxication. None the less important are the song and dance numbers participated in by the Gingers. The several sets of costumes and gowns becomingly worn by the company are the pick of Dillon and King's extensive and elaborate wardrobe. Taken as a whole, the act is one of the prettiest and delectable bits of graceful playantry with which the patrons of the Broadway have been treated in many months. Next Saturday evening will terminate the engagement of Blanche Trelease and the Gingers at the Broadway.

NEW GOVERNOR-GENERAL LEAVES FOR TRIP WEST

NEW YORK, Sept. 5.—Francis Burton Harrison, recently appointed governor-general of the Philippine Islands, left this city late yesterday for San Francisco, whence he will sail next Wednesday for Manila by way of Japan. He was accompanied by his wife and their four children. Mr. Harrison met at the Knickerbocker club here yesterday several clergymen representing religious bodies maintaining missionary stations in the Philippines and promised that he would do what he could to aid this service.

DOG SHOW OPENS WITH 282 ENTRIES

Oakland and Alameda County Club's Exhibit Attracts Much Attention.

With 282 dogs entered the Oakland and Alameda County Club's two-day show opened this morning at 10 o'clock at the Piedmont rink. Included in the list of canine entries are some of the best blooded stock in the country, and the judging of the winners is awaited with considerable interest. The exhibit, which is one of the best ever produced on the Pacific coast, is attracting much attention and the attendance is more than gratifying. Ted Kleihofer, superintendent of the show is enthusiastic over the results so far obtained. "Our attendance expectations have already been outstripped," he said this morning, "and we expect that tomorrow will bring out a record crowd. The dogs are of every breed, and I do not think that there has been a show in the west that has excelled this one. The stock includes a number of the very best canine blood in the world." The dogs and their specialties are being judged by Mrs. C. J. Lindgren of Burlingame, while other specialties are being handled by John Bradshaw. Mrs. Lindgren began her duties this afternoon by taking the toys and will continue her duties until 10 o'clock. The show also started this afternoon, beginning shortly after 10 o'clock. He took the bloodhounds, then the St. Bernards, Great Danes, pointers and English and Irish setters, up to 6 o'clock. He will begin this evening at 8 o'clock and will judge the cockers and collies until 10 o'clock. "It's a great show," declared Bradshaw. "In fact, for blooded dogs I do not believe that I have ever seen a better show."

Tomorrow evening has been scheduled for the closing of the show, and incidentally will also feature the show. This will be the judging of the best dog in the show, which will be selected by Judge Bradshaw, and which will receive the Mayor's trophy. On the same evening the best of the opposite sex will be adjudged for the Hotel Oakland trophy. President P. N. Hanrahan will distribute the prizes. George Nieberger is acting as ring steward. Tomorrow morning, beginning at 10 o'clock, Judge Bradshaw will take the Arabians and bull terriers until noon. Boston, fox, Scotch and Irish terriers and French and English bull dogs will be judged in the afternoon from 2 o'clock until 6 o'clock.

MANY PRIZES OFFERED.
Among the prizes to be awarded will be Mayor Mott's trophy for the best dog in the show, Hotel Oakland trophy for the best dog of the opposite sex, H. C. Capwell trophy for the best Fomorian, Winedale prize for the best sporting brace and the Westall prize for the best puppy of any breed in the show.

Prominent among the society women who have entries in the show are Miss Lydia Hopkins of Burlingame, Mrs. Leon Ross of San Francisco, Mrs. Fenwick of San Francisco, Mrs. E. F. Brown of Easton, Mrs. M. Conner of Los Angeles and Mr. and Mrs. Bricker of Los Angeles.

Street Car Bandits Resume Operations

LOS ANGELES, Sept. 5.—The operations of street car bandits who terrorized local railwaymen last winter were renewed early today when J. J. Robinson, a conductor, was held up and robbed at the end of the Stevenson avenue car line. A posse was sent in pursuit of the fleeing highwayman.

NAMES DEPUTY.

SAN FRANCISCO, Sept. 5.—Collector of Internal Revenue, J. Francis Scott announced yesterday the appointment of L. J. Snavely of Woodland as deputy collector, with headquarters in this city.

An order has been issued by Collector Scott for the deputies from Oakland, San Jose, Stockton, Sacramento, Fresno, Santa Rosa, Eureka and Reno to report at his office in this city next Monday morning at 10 o'clock. Collector Scott will then outline the policy he wishes them to pursue.

THE LACE HOUSE

GIVES BOY TWENTY DOLLARS FOR PAPER

KANSAS CITY, Mo., Sept. 5.—Charles G. Gates, son of the late John W. Gates, known as "the millionaire," yesterday, long enough to spend a few hundred dollars. Although no one reported that the millionaire had made any \$50 tips, as he did in Minneapolis a short time ago, one red cap at the Union station showed his fellow workers a crisp \$20 bill he sold the careless spender gave him for getting a newspaper.

He also shuffled off a mere \$7.75 for a special train to Chicago, buying 25 tickets at \$10.75 each in order to get a three-coach special.

With Gates was his mother and his secretary. The millionaire said he was returning from a short vacation out West.

SCHOOL PRINCIPAL IS STRUCK BY AUTO

SAN FRANCISCO, Sept. 5.—Professor W. W. Stone, principal of the Lincoln Grammar School, was knocked down by an automobile at Market and Mason streets last night on his way home to Berkeley from a meeting of the Lincoln Post, G. A. R. The front of the automobile, driven by

Cleve L. Reams, a chauffeur, struck Stone. He was taken to the Central Emergency hospital suffering from a cut in the head and a bruised hip.

STRENGTHENED PRESTIGE WITH "BORROWED" RING
LOS ANGELES, Sept. 5.—Miss Ethel Hayes daughter of a wealthy business man of Sioux City, Iowa, asked the police today to find a man who had borrowed a diamond ring from her to "strengthen his prestige with a customer" and failed to return it. Miss Hayes said she formed the

CHINESE WOMAN IS RIVAL TO MISS KELLERMAN

Zamlock Lowe Said to Be as Physically Perfect as the Australian Girl.

Smaller, But Her Proportions Are Fully Just as Exquisite.

UNIVERSITY OF CALIFORNIA, Sept. 5—The university boasts a rival to Annette Kellerman for physical

Zamlock Lowe, a young Chinese woman, the daughter of a San Francisco merchant and the only feminine person of her race in the law department of the university. Mrs. G. E. Magee, assistant in physical culture at the university, has compared her measurements with those of the noted Australian mermaid and finds them just as perfect.

Miss Kellerman, cut her proportions, according to Mrs. Magee, are just as perfect. She is 5 feet 2 inches tall, which is nearly two inches shorter than the swimmer and her weight is also less. The comparative measurements of Miss Lowe and Miss Kellerman are as follows:

THEIR MEASUREMENTS.

Miss Lowe—Weight, 119.4 pounds; height (standing), 63.2 inches; height (sitting), 33.4 inches; girth of neck, 12.2 inches; girth of chest, 30.6 inches; chest expanded, 33.1 inches; girth of waist, 24.2 inches; girth of hips, 37.6 inches; girth of thigh, 22.4 inches; girth of calf, 13.8 inches; girth of upper arm, 11.4 inches; girth of forearm, 9.1 inches.

Miss Kellerman—Weight, 139 pounds; height (standing), 65 inches; height (sitting), 34 inches; girth of neck, 13 inches; girth of chest, 33 inches; chest expanded, 35.50 inches; girth of waist, 25.50 inches; girth of hips, 35.75 inches; girth of thigh, 21.50 inches; girth of calf, 13.50 inches; upper arm, 10.5 inches; forearm, 9.25 inches.

NO OVER-EXERCISE.

Miss Lowe has not particularly striven for physical perfection, except as that goal draws the attention of her sex generally. Mental betterment has been her chief aim and she has found physical well-being a necessary prerequisite thereto. So she has undertaken gymnastic work and follows a simple, sane diet of the best Chinese and American dishes. Mrs. Magee discovered the perfectness of Miss Lowe's proportions in her general measurements in connection with physical culture work in the women's department at the university.

UPHOLDS RIGHT TO BAR SOLICITORS

Southern Pacific Can Prevent Transfer Agents From Working Trains.

SAN FRANCISCO, Sept. 5—The railroad commission has rendered a decision in which it holds that the Southern Pacific company is fully within its rights in making an exclusive contract with the Union Transfer company by which the latter is given the sole right to solicit baggage on the company's trains and steamers, and to check at residences and hotels baggage to be transferred over the Southern Pacific company's lines.

The case came before the commission upon the complaint of the Red Line Tourist Agency, which protested to the commission that the Southern Pacific company had denied it the privilege which it had extended to the Union Transfer company. The Red Line Tourist Agency asks that it be put on a footing with the other baggage company, and that the Southern Pacific company give it the privilege of soliciting baggage on its trains and steamers.

The decisions of the commission analyzes the court findings on similar matters and concludes that a railway company has full right to make an exclusive contract with a baggage company. The commission holds that if the provisions in such a contract are reasonable the result will make for the convenience of the public.

NITA HITS RIVAL WITH HOT TOBACCO

Sauce Was in Original Package and Clarissa Is in Hospital.

SAN FRANCISCO, Sept. 5—A hair-pulling, nail-scratching encounter in a private box in the Golden Star restaurant, at 502 Pacific street, might have ended with a few falling stars and a puff of two had not a bottle of hot tobacco sauce stood on a table temptingly near the hand of Juanita, a Spanish dancer from the Moonshine dance hall near by. As it happened Juanita brought the hot stuff down upon the head of Clarissa Reid, an artist from the same resort, and when Policemen Darling and Sullivan had pried the pair apart they decided that Clarissa had better go to the hospital and took Juanita to the city prison charged with assault with a deadly weapon.

Both girls reside at 463 Pacific, and the attentions of a male friend of both, followed by a jealous word or two, led to the assault. Miss Reid was treated at the Harbor Hospital for an ugly cut across the neck.

EXCURSION RATES TO SACRAMENTO STATE FAIR

Round trip tickets will be on sale from September 12 to 22 inclusive at one fare and one-third for the round trip to the Sacramento State Fair. Final return limit September 22. For additional information see car & P. agent.

TO PRESENT ANALYSIS OF PHILIPPINE AFFAIRS

WASHINGTON, Sept. 5.—Prof. Henry James Ford of Princeton, who recently returned from a Philippine trip, will soon present an analysis of Philippine affairs as he views them to President Wilson. He declared today he was not a candidate for a place on the Philippine commission or any other post. He and the President are close personal friends.

DISABLED ELECTRIC CAR BLOCKS TRAFFIC

ELMHURST, Sept. 5—A disabled electric car of the San Francisco-Oakland Terminal railways held up the Oakland bound cars this morning for about fifteen minutes. The car broke down near the Elmhurst car barn, and a staff of workmen from the barns managed to haul the car onto a siding and permitted a string of delayed cars loaded with passengers to continue on their way to Oakland.

RUSH WORK ON DEMOCRATIC TARIFF

Normal Income Tax Fixed at
1 Per Cent on \$3000
Minimum.

Caucus Takes Up Proposed
Tax on Cotton Future
Deals.

WASHINGTON, Sept. 5.—Democr-

ats of the Senate began early to-
would be the last caucus over the
stumbling blocks in the tariff bill.
Every possible effort was being made
to rush odds and ends of the meas-
ure into place for a vote on the bill
in the Senate by tomorrow night. The
Senate waited until 2 p. m. while the
Democrats were endeavoring to agree
on an amendment to the income tax
and to satisfy differences in their
ranks on minor points. Another caucus
made necessary tonight to con-
sider an amendment to the tariff bill
of Nevada, who returned from the
West today.

INCOME TAX.

After several hours' debate on var-
ious amendments to increase the tax
on larger incomes the caucus finally
adopted the amendment proposed in
the finance committee by Senator
Smith of Georgia. That leaves the
normal tax at 1 per cent on a \$3000
minimum and provides an additional
tax of 1 per cent on incomes over
\$20,000 to \$50,000, 2 per cent addi-
tional on incomes between \$50,000 and
\$75,000, 3 per cent on incomes from
\$75,000 to \$100,000, 4 per cent on in-
comes between \$100,000 and \$250,000,
5 per cent on \$250,000 to \$500,000,
and 6 per cent additional on incomes
in excess of \$500,000.

MAXIMUM 7 PER CENT.

It would make the maximum tax
on incomes over \$500,000, 7 per cent.
After disposing of the income tax
the caucus took up the proposed tax
on cotton future deals which was
originally proposed by Senator Clark
of Arkansas, but which Senator Smith
of South Carolina insisted should be
amended so as to affect only illegiti-
mate transactions.

TENNIS CHAMPION HAS ARRIVED HOME

Maurice McLoughlin,
After English Vic-
tory, in Oakland

Two men, one of world-wide repa-
tation in tennis circles and the
other known in the racket world
of this continent, have arrived home
after successful conquests in the
East. The first is Maurice E. Mc-
Loughlin of Oakland, whose sen-
sational playing brought the Davis
cup, emblematic of the world's ten-
nis championship, again back to the
American soil, and who arrived home
this morning on the Overland Lim-
ited after an absence of several
months. The other tennis crack to
arrive was William Johnston, the
young Californian who carried the
East by his wonderful form during
the tournament just completed. A
great crowd of tennis enthusiasts
welcomed the men, the reception ac-
corded McLoughlin being especially
demonstrative. The same character-
istics which were apparent when he
left this state were in evidence in
the bearing of McLoughlin. There
was no bragadochio over his wonder-
ful performances in the courts in
London and no attempt to belittle the
work of A. E. Wright and J. C.
Parke at whose hands he experienced
two defeats, one in the finals for the
world's championship at Wimbledon
and the other in the first of the sin-
gles in the Davis cup matches.

Among those who were present to
welcome the great tennis star were
his mother, father and two sisters.
Dr. Sumner Hardy, president of the
Pacific States Lawn Tennis Associa-
tion, was also on hand and accom-
panied the McLoughlin family from
San Francisco to this city. Clarence
Griffin and John Strahan were also
expected home today, but will prob-
ably not get in until tomorrow.

HUSBAND MISSING; WIFE IN DISTRESS

H. J. Mills of Windsor
Fails to Meet Fam-
ily Here

Alone and friendless in a strange
city, with her husband either a vic-
time of foul play or a deserter of
his wife and children Mrs. H. J. Mills
of Windsor, Cal., has appealed to the
police to aid her in finding her hus-
band. Mills left Windsor Wednesday,
saying he would come to Oakland,
and telling his wife to follow him and
go to the Elks club on Broadway Street.
She arrived today, but Mills
had not been seen.

Mrs. Mills fears that her husband
has suffered some accident or has
been made a victim of foul play. He
took all the money in the house, ex-
cepting enough for Mrs. Mills and
the two small children to pay for
transportation to Oakland. The po-
lice have been unable to find a trace
of the missing man.

Mrs. Mills is broken down under
the nervous strain and it is feared that
she will suffer from nervous prostra-
tion.

Mills is described as 33 years of
age, 5 feet 10 inches in height, weigh-
ing 100 pounds, brown hair, blue eyes,
medium complexion, slight scar on
left side of jaw, tan shirt, dark suit,
light hat, black shoes.

The police have been asked to find
Mrs. Jerome King Sawyer, who lived
on East Sixteenth street three years
ago. The request came from C. W.
Fuller, formerly of the Pioneer
Home of Prescott, Ariz. Fuller came
to Oakland seeking Mrs. Sawyer and
is now a guest at the East Oakland
hotel.

HENRY P. PLATT PLEADS GUILTY

Bookkeeper of Title and Insur-
ance Co. Admits Misap-
propriating Check.

SAN FRANCISCO, Sept. 5.—Henry P.
Platt, bookkeeper for the California Pa-
cific Title and Insurance company, who
was said to have taken \$30,000 worth
of the corporation's money during the
last year, pleaded guilty in Superior Judge
Lawlor's court today to a charge of mis-
appropriating \$112.22. The transaction
was the result of Platt's making out a
check, endorsing it, and drawing the
money. Manager Vandal told the court
that Platt had had an excellent record
in asking for probation for him. Platt
had previously announced that he was
innocent and was going to fight the
case. The check referred to was drawn
on the Mercantile National Bank on De-
cember 23.

FAMOUS SCHOOL IS SET ON FIRE

LONDON, Sept. 5.—Dulwich College,
a famous school in a southern suburb
of London, whose present buildings
were erected in 1870 at a cost of \$500,-
000, was set on fire in two places to-
day. Suffragette literature was found
planned to trees in the vicinity of
hatpins.

A policeman discovered the blaze in
time to get three fire brigades on the
scene before serious damage had been
done. Empty petroleum cans were
found scattered about the floors of
some of the rooms where their con-
tents had been literally sprinkled over
the inflammable furnishings.
"Dulwich College, known as the "Col-
lege of God's Gift," has been in exist-
ence since 1619, when it was founded
by Shakespeare's friend, Edward
Allan. It provides higher school edu-
cation for over 600 boys and also has
a preparatory school attached to it.
In its rooms are many priceless Eliza-
bethan manuscripts.

VERNON HEIGHTS CLUB ASSEMBLE

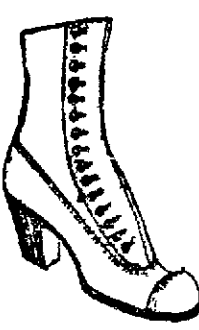

Adopts Resolutions Endorsing
Efforts Toward Reduction
of Saloons in Oakland.

At a meeting of the Vernon Heights
Improvement club on Friday evening,
August 29, the following resolutions were
adopted:

"Resolved, That the Vernon Heights
Improvement club endorse the efforts
that are being made toward the reduction
of the saloons of Oakland from 392 to
200, and be it further
"Resolved, That we ask for the revo-
cation of the licenses of those disrepu-
table cafes that have been charged with
selling liquors to minors."

KILLS FAMILY AND EIGHT OTHERS

Thirteen Persons Are Slain by
Crazed Teacher; Ten
Wounded.

MUEHLHAUSEN, Baden, Germany.
Sept. 5.—A crazed teacher named
Wagner, who murdered his wife and
four children at Degerloch yesterday,
set fire to the village of Muehlhausen
in four places last night and in a
flooded with the villagers who tried
to capture him eight persons were
killed and ten wounded.

The man took refuge in a stable,
where he killed all the cattle. He
was finally overpowered after he had
exhausted the 250 cartridges with
which he had provided himself. The
enraged villagers wreaked their ven-
geance on him by clubbing him and
stabbing him with pitchforks. He
probably will die.

When he entered Muehlhausen it
was not known that he was a fugi-
tive murderer. It was only after the
wild scenes enacted here that the po-
lice went to his apartment in Deger-
loch, where he has been teaching, and
found the bodies of his wife and chil-
dren.

Opium Confiscated On Mexican Line

SAN DIEGO, Sept. 5.—By the arrest
early this morning at the international
boundary line near Tin Juana of J. Swan-
son on whom was found eight tins of
opium. Customs Inspector W. B. Evans
of Tin Juana has made an average of 4 cans
a day since August 7, the captures total-
ing 125 tins of the forbidden drug. Search
for more of the drug believed to have
been carried by Swanson is in progress
today.

REVENGE MANDATED BY NATION

Acts Massacred in
Nanking Province

Demand Apology
and Indemnity for

OKIO, Sept. 5.—Japan's war fleet on the Chinese coast have been hurried to Nanking. Of reports from that city that a number of Japanese are carrying Japanese for their protection during recent fighting between the Japanese troops and the Chinese government will demand an apology and an in-

demnity from the Chinese government as well as the punishment of those responsible. The Japanese premier, Count Gomo Yamamoto, left for Nanking today to report to the emperor on the shooting of a number of Japanese subjects during the fighting between the Chinese government troops and the southern rebels in Nanking. In his conferences with his majesty, the premier will decide as to the course of action to be taken by the Japanese government.

Public feeling in Japan is at fever heat. Some of the newspapers demand military action and urge the occupation of a Chinese seaport by Japan until full reparation has been made by China.

NANKING MADE DESOLATE.
LONDON, Sept. 5.—A Shanghai dispatch to the Times says: "Nanking has been desolated by looting, which for the most part could not be prevented. Eight Japanese carrying the Japanese flag fled toward their consulate. Some of the government troops fired on them and they were killed, reaching the consulate."

"There is much anti-Japanese feeling among the government forces and the Japanese flag hoisted over shops has been no protection."
A Tokyo dispatch to the Daily Mail says: "Owing to the alleged massacres of Japanese at Nanking when the northern troops captured the city, the Japanese government is urging party and other politicians are urging action of some kind or some other port until China has paid compensation."

Fever and Asthma

Warner's Safe Asthma Remedy

**BALDWIN TRUSTEES
RECEIVE BIG FEES**

LOS ANGELES, Sept. 5.—As far as the courts were concerned, the story was written today upon the history of the large estate of Lucky Baldwin, built up from a race track "shoeing." The huge land holdings, which were tax burdened when the turfman died five years ago, now have a value of \$350,000.00, and for their work in successful administration the court awarded the executors, Henry A. Unruh, brother of Baldwin's first wife, and Attorney Braden W. Lee, fees of \$180,000 each. These are the largest fees ever allowed in a will case in Southern California. Unruh and Lee fixed the fees themselves. If they had not the court said he would have awarded \$250,000 each.

The heirs are Baldwin's two daughters, Mrs. Clara Baldwin Stocker and Mrs. Anita Baldwin McClaughry. These two share the estate, which has been held nearly intact, despite the onslaughts of numerous litigants and claimants after Baldwin's death.

**NATIVE SON
COMES HOME**

Nothing Like California for True Contentment; Music Helps.

After spending two years in travel, both in Europe and Australia, while in New York recently he heard the wonderful new Autopiano and was so taken with the possibilities of the new hand-played rolls that he made arrangements with the Autopiano Company's Oakland representatives, the Eilers Music House, to furnish a special case design for his home here. This instrument has just been delivered and we have taken a \$400 up-right piano in exchange as part payment. This instrument is only three years old and has not been used at all for the last two, hence is in perfect condition. We will guarantee this piano for ten years and if sold right away for spot cash we will accept \$150. This is an opportunity to secure a high-grade piano in perfect condition at a low figure. The piano may be seen at Eilers Music House, 1448 San Pablo avenue, Oakland, next to Kahn's new building.

Children's Overcoats and Sailor Suits

\$3.95 to \$8.50

Natty little suits for children in Russian and sailor styles in sizes from 2 1/2 to 9 years. These in attractive models, prettily trimmed and made from good wearing, nice appearing fabrics. The overcoats are in three-quarter and full length styles attractively gotten up in suitable colors; just the kind of garments you will want for your little boy. Fit him out in them tomorrow.

STORM IS WORST IN YEARS

Vessels Ashore on Atlantic Coast; N. Y. City Flooded

Wires Down and the Details Lacking; Big Damage

BULLETIN.
WILMINGTON, N. C., Sept. 5.—All are safe on the island of Ocracoke, in Pamlico Sound, according to a wireless report sent from Cape Hatteras to the government at Washington.

NORFOLK, Va., Sept. 5.—With the telegraph wires still down, it was impossible today to get detailed information of the damage wrought by the day's storm on the North Carolina coast between Cape Hatteras and Ocracoke, on the lower coast.

The six-masted schooner George W. Wells, which went ashore south of Hatteras, has gone to pieces. The 20 men, two women and two infants rescued from the schooner are being temporarily cared for in the vicinity of the Ocracoke Inlet and Durant life-saving stations.

Another schooner reported ashore three miles north of Ocracoke is believed to have been the schooner Anne R. Heidt, hereafter reported drifting helplessly eight miles southwest of Diamond Shoals with her rudder broken. The revenue cutter Seminole is proceeding to the schooner's assistance.

OIL SHIP ASHORE.

An unknown oil ship, reported ashore below Ocracoke, was today still unidentified.

The storm on the Carolina coast was the most severe in many years and the damage was large. The rivers, which flooded the country for many miles, have the most part submerged. Unless the Ocracoke disaster is confirmed, the loss of life appears to have been very small.

SUBWAY FLOODED.

NEW YORK, Sept. 5.—Not a wheel moved in the New York subway between Ninety-fifth street, in upper Manhattan, and the Brooklyn terminal during the rush hour of the work-bound crowds this morning, resulting in one of the worst congestions in traffic the city has known. Over three inches of rainfall during the night flooded the subway tracks to the depth of three feet or more and nine miles of four-tracked subway went out entirely out of commission.

It was 9 o'clock before the line was cleared and then the congestion prevented anything like normal conditions. The Interborough Company loaded flat cars with electric pumps capable of discharging 750 gallons a minute and sucked the rain water out of the tunnels.

The block at the Brooklyn terminus of the subway was the worst on the system. One hundred thousand persons use this station between 7 and 8 o'clock in the morning. One man hemmed in by the crowd said he was recently released from Sing Sing and that this was his first day on an honest job and that he probably would lose both the job and the chances of reformation if he failed to report on time for work.

FIRE CHIEFS STALLED.

Fifty fire chiefs here attending their international convention were in an express train at the Columbus Circle station of the subway early today. They all helped the subway guards escort passengers over the third rail to the station platform.

RECOMMEND REJECTION OF REES' HARBOR PLANS

Report Tendered City Council Offers Alternative Plan for U. S. War Department

Carrying what will form the recommendations of the City of Oakland to the United States War Department, the report of Col. W. H. Heuer and City Engineer Perry F. Brown was filed with the city council this morning.

The report recommends against the Rees harbor plan, and in favor of the public-spirited citizens of Oakland, who first attacked that plan as a detriment to the city and a hindrance to the harbor development of this municipality. It shows the engineers to have taken nearly the same stand as that in the editorial columns of THE TRIBUNE at the time the project first came before the people.

The report was tendered after a careful survey of the work now in progress on the waterfront and of the Rees plans. Colonel Heuer and Engineer Brown submitted the report to the city council.

ASKED FOR REPORT.
Colonel Heuer and City Engineer Brown are asked to formulate a report on the Rees plan for the city council to be made the basis of recommendations by the city of Oakland to be submitted to the United States War Department.

D. C., at the same time as Colonel Heuer's plans are submitted. The report submitted to the city council by the city engineers, immediately upon the return of Mayor Frank K. Mott, who is at present in the North. The full report will be printed in the city engineer's report.

Colonel Rees' plan contemplated a channel cutting transversely across the Key Route basin, backed by a bulkhead to protect the channel. The plan would make futile considerable of the work already done, and would put upon the San Francisco-Oakland Terminals a great added expense and added time in changing their plans.

Colonel Heuer and Engineer Brown take the stand that the Rees plans would interfere with the S. F.-Oakland Terminals enjoying valuable franchise rights obtained from the city of Oakland, and would interfere with contemplated improvement.

The report recommends that alteration of the Rees plans to conform to the southern end of the proposed channel from Point Richmond to Oakland to conform to the plans adopted already for the improvement of the Oakland Key Route basin.

CONFLICTING INTERESTS.
A point is made by the two engineers that the conflicting commercial and industrial ambitions of the communities to be benefited by the Rees plan would have a tendency to prevent proper concentration upon the work of effecting the improvement.

The entire water front, behind and in front of the city, is a valuable asset of the city of Oakland, and it is necessary that the city council should be satisfied that the Rees plan would be a detriment to the city.

The report also says that Rees, by designing piers 200 feet instead of 150 feet wide, has added materially to the cost of his project.

OWNED BY CITY.
"The harbor known as the Key Route Basin is owned by the city of Oakland," says the report, in conclusion. "And its development can be carried on independent of any other municipality or private interest. On the other hand the Colonel Rees project north of the terminal, namely the city of Oakland is a privately owned property, which no doubt will require years to acquire; while its passing through four or more incorporated municipalities, with their individual commercial ambitions, will have a tendency to cause the work to be done with that lack of concentration and continuity at a particular locality necessary to develop a useful harbor."

"Where harbors are designed by United States officials," it is pointed out by Congress, the government generally supplies liberal aid in their construction. The harbor in the Key Route basin is owned by the city of Oakland, and it is not had been designed by government engineers, and in our opinion it would be perfectly proper to ask for and to expect government aid."

"After careful consideration of the several projects for a western water front for the city of Oakland, the city engineer, known as the Key Route Basin, to be the most suitable and we therefore recommend its retention."

"Respectfully submitted,
"W. H. HEUER,
"Consulting Engineer."
"PERRY F. BROWN,
"City Engineer, Oakland, Cal."

**TURNER ANSWERS
REPORT OF BOARD**

Criticism of Fire Department Is Declared Not Justified.

Commissioner of Public Health and Safety Turner today issued a statement concerning criticism of the fire department in the report of the city engineer, known as the Key Route Basin, to be the most suitable and we therefore recommend its retention.

"I have been unable to thoroughly head, as yet, the civil service board's report on the fire department; but from a cursory glance, it would appear that some of the criticisms are not justified. I have therefore in justice to the board which has made such a painstaking survey and also in justice to the many worthy men who have devoted years of conscientious work to the city, I feel that a word of caution is called for."

"The public criticism brought out in the report are appreciated by the department, but for most part have been under consideration for a long while. For instance, the building ordinance has been in the hands of a commission for several months for revision, consisting of Messrs. Schure, an architect, Leonard, a city engineer, and a city engineer, known as the Key Route Basin, to be the most suitable and we therefore recommend its retention."

"Most of the points of criticism are answered on the score of expense. The greater number of fire companies in Oakland are 'call companies,' the men reporting only upon alarm of fire. The department is the best of its kind in the city. The best proof of the efficiency of the department is the fact that in putting out fires during the last 12 years that I have been connected with the department, there has not been a case of a fire getting beyond the control of the department and the loss of life or property. The report is shown that the ratio of loss in Oakland is the lowest of any of the cities in the lowest in per capita expense."

OBJECTS TO COST.
"To increase Oakland's department to the standard of a fire department for a city of its size would mean a very great and unjustifiable increase in cost. Improvements, of course, are continuously being made and the department is a well equipped and efficient organization. The department is the best of its kind in the city. The best proof of the efficiency of the department is the fact that in putting out fires during the last 12 years that I have been connected with the department, there has not been a case of a fire getting beyond the control of the department and the loss of life or property. The report is shown that the ratio of loss in Oakland is the lowest of any of the cities in the lowest in per capita expense."

SCHOOL DRILLS WELLED.
"The matter of school drills is already attended to. Every school is examined by the department, not only for efficiency in the fire drills of the pupils, but also regarding the amount and condition of fire apparatus and the condition and care of the building. Parents of children attending school even in wooden buildings, can be reassured that intelligent and conscientious attention is given to minimizing the danger from fires in schools and that the matter is now in very excellent shape. However, this means that additional effort to obtain a still greater degree of safety should be made."

important in the whole realm of city government than the safety and care of the children in the public schools. "On the whole, believing that the department is giving good returns for the expense devoted to it, we are also believing that every human organization is susceptible to improvement and examination and helpful criticism from an outside source. We are, therefore, glad that the department officials will be glad to seriously and earnestly take into consideration the various recommendations in the report."

minutes with Cuticura Soap and hot water and continue bathing for some minutes. This treatment is best on rising and retiring. At other times use Cuticura Soap freely for the toilet and bath, to assist in preventing inflammation, irritation and clogging of the pores. Sold everywhere. Liberal sample of each mailed free, with 25¢ Skin Book. Address post-card "Cuticura, Dept. T, Boston."

ACCUSED OF MAKING THREATS TO KILL

Filomino Marquez, a Mexican refugee, was arrested in Albany last night by Marshal Glavanovich upon complaint of a Mexican woman who conducts a restaurant. The plaintiff declared that Marquez had visited her last night and threatened to return and kill her. When taken into custody he had a belt full of cartridges, but no weapon on his person. He is being held in the county jail.

JUDGE CONTINUES INJUNCTION HEARING

SAN FRANCISCO, Sept. 5.—United States Judge Dooling continued for three weeks this morning the injunction proceedings brought against the Railroad Commission, Governor Johnson and the attorney general by the Kern Trading and Oil company and the Associated Oil company, corporations affiliated with the Southern Pacific company.

TREASURY ORDER PUTS SHINE ON NOSES OF WOMEN CLERKS

WASHINGTON, Sept. 5.—Indignant women with shiny noses are threatening the peace of the treasury department as the result of an order issued by Assistant Secretary John Skelton Williams, forbidding clerks to carry handbags, lunch boxes and other packages into the big treasury building. This has been accepted by the 800 women clerks as a direct attempt to eliminate the powder puff. Assistant Secretary Williams retorts that the order is a precautionary one only.

"How on earth can a woman keep the tip of her nose or her neck presentable, when she is denied the one thing with which to do it?" demanded an indignant woman clerk today. "It's a man-made order and a man probably isn't supposed to understand. Anyway, we are drawing a formal protest against it."

"But," it was suggested, "you might carry the puff and powder in your stock."

"A splendid idea!" sniffed the women in chorus. "There are men in every room. We'd make fine spectacles of ourselves under such an arrangement."

Under the new order all packages and handbags must be left in the locker room in the basement of the building before the clerks actually pass into the part of the great granite structure devoted to the housing of Uncle Sam's cash and securities. Thus, the clerks say, is risky and they object to inviting personal losses.

ENTERTAIN SAINT

ANDREW'S SOCIETY

Past Presidents Recite Experiences of Travel to Large Gathering.

Three hours of rare entertainment, highly interesting and instructive, were furnished by the St. Andrew's society to its members and invited guests at its hall in Howden block, on Webster street, last evening. It was an informal gathering to welcome the return of three of the society's past presidents, James A. Smiley, James P. Taylor and Robert Howden, from a trip to the eastern and southern states of the continent and to hear from their own lips a recapitulation of their experiences of travel and their descriptions of the scenes and places they had visited. These recitations were withal as instructive as they were entertaining.

President Baird acted as toastmaster. Mr. Smiley's line of travel to visit his birthplace in Canada and the scenes of early life carried him to the Grand Canyon of the Colorado, of which he gave a glowing and graphic description. Winnipeg, Toronto, Montreal, Vancouver and Victoria were visited in turn and the marvelous changes which have taken place in these cities during recent years were noted as evidences of the great prosperity of the people of the Dominion and the growth of its population and the development of its resources.

OTHER CITIES VISITED.

Taylor was accompanied on his trip by his sister, Miss Grace Taylor. Their trip saw at San Antonio, Galveston, Houston and New Orleans was interestingly related. At New York, one of his most interesting experiences was a visit to the school of the 57-story Woolworth building, the tallest building on the continent, from which he said, the most wonderful panorama he ever saw is obtainable. The Bronx museum and menagerie, the great public playgrounds of Brooklyn devoted to baseball, cricket, and other sports, rounded off his interesting talk. As the hour was growing late Taylor postponed the recitation of the rest of his trip until another evening. For the same reason Robert Howden's account of his trip east over the Canadian Pacific railroad was put off until next Thursday evening.

SONGS BY THE ST. ANDREW'S QUARTET.

By the St. Andrew's quartet, consisting of Messrs. Baird, Baird, Baird, and Baird, and Robert Howden were interspersed through the program between the recitations and speeches.

PARENT TEACHERS' CLUB TO GIVE DANCE TONIGHT

The first of a series of dances to be given during the winter season by the Parent Teachers' association will take place this evening in the assembly hall of the Franklin school at Ninth avenue and East Sixteenth street. The dances given during the summer season were a great success and as a result it was decided to continue the series.

ROB MILLINERY STORE AFTER SMASHING WINDOW

SAN FRANCISCO, Sept. 5.—Fancy feathers and furbelows to the value of \$1027 were stolen from the millinery establishment of Lagan and Civillati, 507 Columbus avenue, early this morning. A burglar smashed the plate glass window with a cobblestone and took everything in sight. The robbery occurred somewhere between midnight and 1:30 a. m. and was discovered by Special Officer Healy.

FASHION DISPLAY

RECEIVES PRAISE

Beautiful Raiment Shows to Advantage at Local Exhibit.

Congratulations are being received by the heads of the big department stores of this city upon the exquisite display of gowns and millinery, now on exhibition in the fashion show, which opened yesterday morning. It will be brought to a close tomorrow evening. The local fashion show has been the talk of the feminine sex here as well as elsewhere since its inaugural day.

Never in the history of Oakland has there been so much interest shown in fashion. Styles which are within the reach of the purses of all classes have been viewed and re-viewed in the pictorial exhibit, which compares favorably with the magnificent shows in the large eastern cities.

The Parisian creations, which have been imported especially for the suit departments of the big establishments of Oakland have attracted considerable attention. The buyers for the department stores spared no effort in securing the most up-to-date and elaborate dresses, suits and hats, that Paris and New York could provide.

Satisfied that they obtained the finest fabrics and the most exclusive styles, the purchasers returned home and installed a perfect line of outfits for the fall sex in the windows which appeal to every woman.

ALL STYLES EXHIBITED.

Everything that a woman craves for in the line of dress and millinery may be seen at the local fashion show. The fall exhibition is marked by its originality and individuality. The window dressers have devoted several days to the arrangement of the figures in the glass cases. Every figure and article was carefully placed to show to the best advantage. The evening and street apparel has marveled the lovers of stunning clothes to the unparallelled assortment of colors and designs which have been fashioned into gorgeous gowns.

Every woman will have an opportunity to see the fashion show. The windows will be free for all as well as the departments, where courteous salespeople will show the latest and smartest goods. During these fashion show days the windows are especially beautiful and in all their beauty they reveal the superb simplicity of taste, which characterizes the dress of the 20th century woman. The tailor made suits stand out in bold relief and promise to be as popular as they were last season, if not more so.

SUITS ARE EXTREMELY FEMINE AND PRACTICAL.

The suits are extremely feminine and practical. The gaudy street costume has been eliminated for the more substantial colors.

The phenomenal success of the fashion show has encouraged the managers of the Oakland department stores to bring the highest class of goods. They have unanimously declared that there is "nothing too good for Oakland."

SANTA FE IMPROVEMENT CLUB FAVORS PROJECT

The Santa Fe Improvement Club executive board meeting last night endorsed the request of the county probation committee for the inclusion of \$50,000 in the county budget for a juvenile court building, and also its request for a woman physician for girls at the Detention Home and juvenile court. The Santa Fe Improvement Club has a dues-paying membership of 700 and publishes a bi-monthly neighborhood paper. It has a long record of activity in behalf of better conditions for its district, including the paving of Grove street, keeping saloons out of residence districts, the provision of adequate fire and police facilities in its neighborhood.

Resolutions of similar tenor were passed earlier in the week by the Berkeley Federation of twelve mothers' clubs, and by the county W. C. T. U. convention, and the matter will be considered at the Friday meetings of the Child's Welfare League and the Oakland Federation of Nineteen mothers' clubs.

The Board of Supervisors is believed by the probation committee to be in sympathy with the juvenile court building project. Chairman Mullins having strongly advocated such a building in his last campaign, but with many other demands on the county purse the probation workers have asked for various organizations to give to the supervisors an indication of public sentiment on the inclusion of the appropriation in this year's budget.

Whereas, The probation committee of Alameda county finds it imperative to request certain improvements for the welfare of the children; and

Whereas, The limited time will not permit this matter to be brought before the association in regular session; be it here by

Resolved, That the executive board of the Santa Fe Improvement Association in regular meeting assembled, do pass the following resolutions:

1. A juvenile court building, to accommodate detention home, probation office and juvenile court, land and building to cost \$50,000; the present rented building is not fireproof, is too small and cannot separate different classes of children from one another.

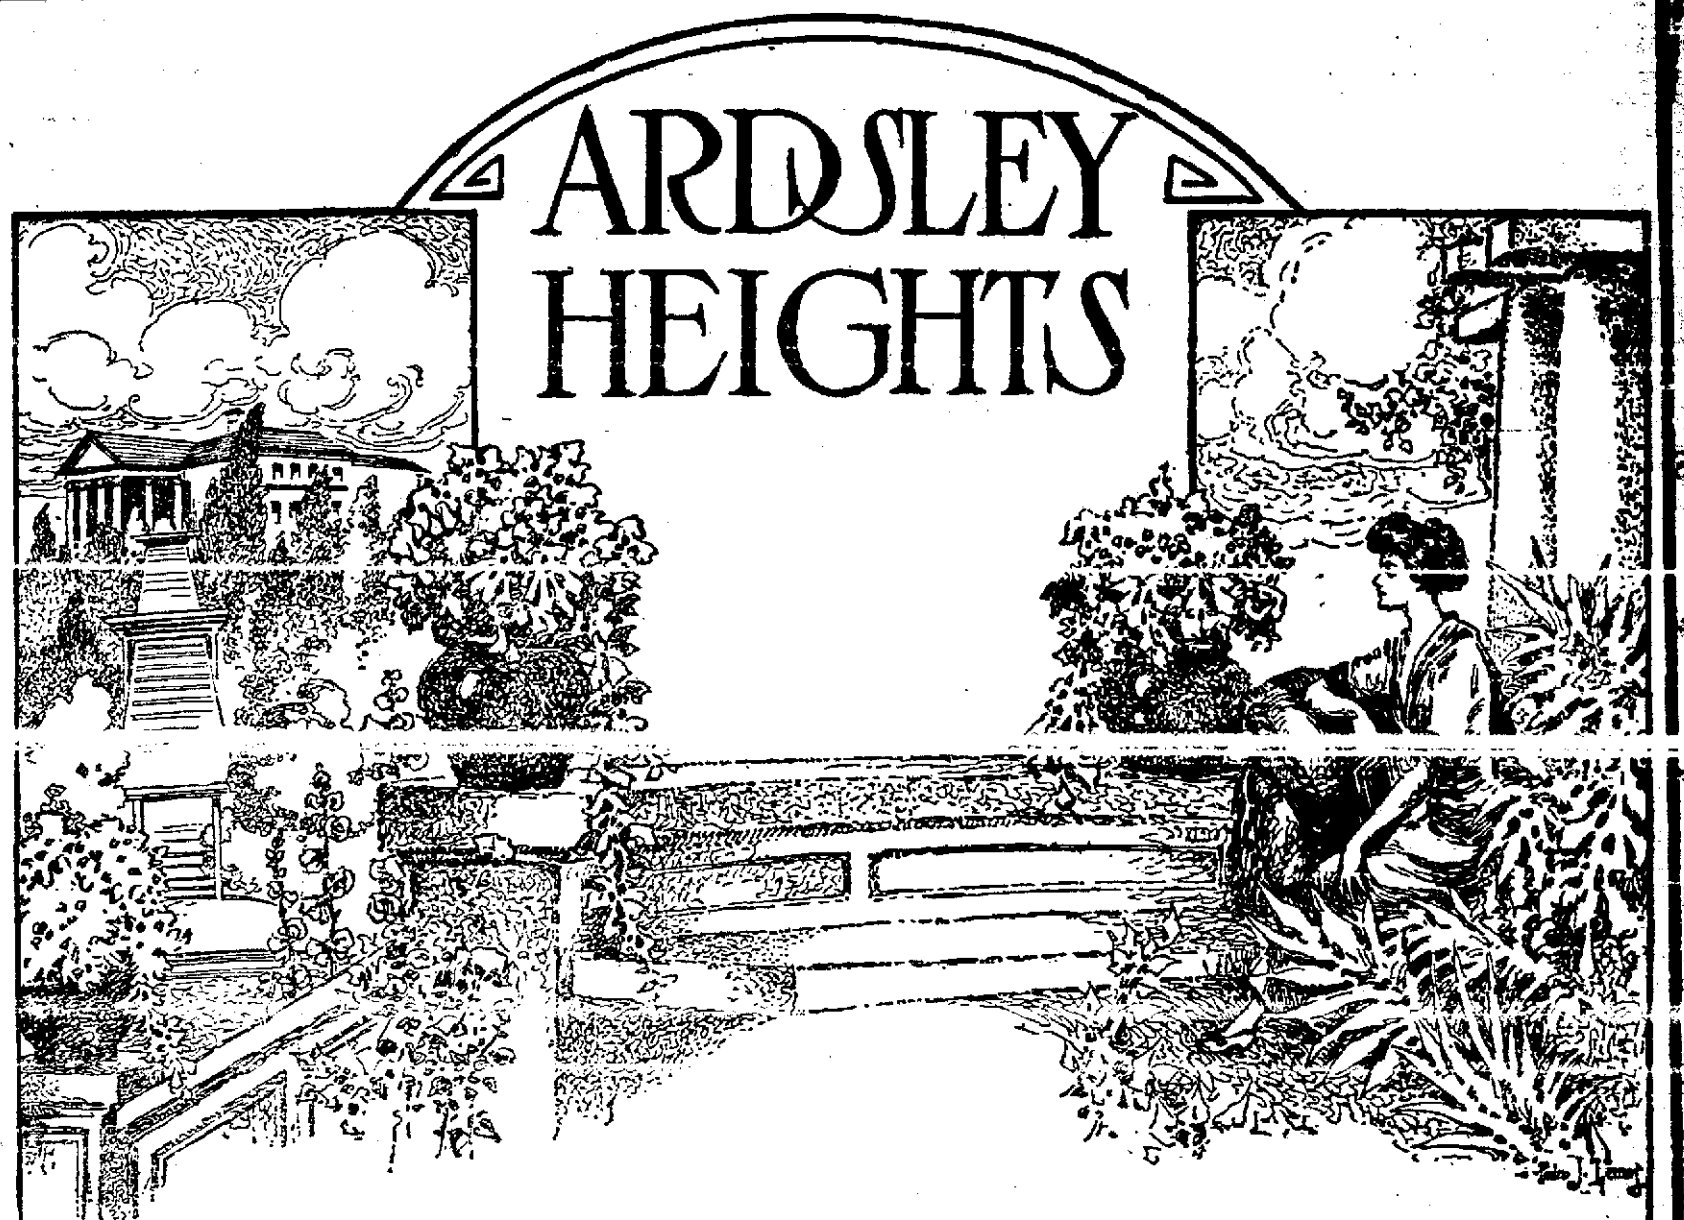

2. A woman physician, with pay, to look after the girls at the Detention Home, as a man looks after the boys. Dr. Shney, of the probation committee, has long done this work without charge, though it is more difficult than the work for boys. The physician for boys is paid. Nine hundred dollars per year is asked.

J. C. DEAN,
Secretary Executive Board.

BUNCO GRAFT WITNESS TO FIGHT EXTRADITION

SAN FRANCISCO, Sept. 5.—Chito Ramirez, alleged bunco witness, has been taken to St. Louis to testify against the accused police officers in the graft scandal, created a furore in Judge Taylor's court today.

Admiral Joseph L. McMan, asked for a dismissal of the grand larceny charge. Ramirez interrupted him and said he wanted the case to go on so that he wouldn't have to face trumped up accusations in St. Louis and New York. He announced that he was going to the United States to represent him and would fight extradition in case an attempt was made to get him out of the state.

—a remarkable opportunity

Syndicate clients appreciate the worth of Ardsley Heights being sold this week by order of the Advisory Committee to Mr. F. M. Smith.

The very best judge of real estate values in residence districts is the contracting builder who buys a lot, improves it and sells.

He is the most critical purchaser with whom we have to deal, the kind of man who will not hesitate to express himself without reserve. His judgment is determined by a careful analysis of every condition, good bad or indifferent, affecting the property in question. He won't mince matters if the "buy" is not a good one. If he does not see a future for it he won't waste time taking it up.

SO WE CONSIDER THE ENDORSEMENT OF SOME OF THE MOST PRACTICAL BUILDERS IN OAKLAND A PARTICULARLY IMPARTIAL ESTIMATE OF THE WORTH OF ARDSLEY HEIGHTS, BEING SOLD THIS WEEK UNDER ORDERS FROM THE ADVISORY COMMITTEE TO MR. F. M. SMITH, IN CHARGE OF THE AFFAIRS OF THE REALTY SYNDICATE.

We know that anyone who can buy property on Fourth Avenue adjoining the Smith home for \$35 per foot is facing the opportunity of a lifetime. Such prices as these have been unheard of until now.

When the Advisory Committee ordered the sale of ARDSLEY HEIGHTS we followed instructions to act immediately. The result proves we did not overestimate the worth of the property.

Today you may buy a 57-foot lot adjoining "Arbor Villa" for only \$1750 and get a deed to it for TEN PER CENT of the purchase price.

Remember, in weighing the facts of ARDSLEY HEIGHTS, that it is but a short distance from Lake Merritt.

—handy to schools, churches, public playgrounds, tennis courts and public parks.

—possesses a particularly mild climate and is free from heavy fog or high wind. Its climate is ideal for the health and contentment of the children.

—has the very highest quality rock macadam streets, concrete gutters and concrete sidewalks ALREADY COMPLETED.

—is but ten minutes from Broadway and of easy access to the Key Route.

SEE ARDSLEY HEIGHTS TODAY

If you live in San Francisco take the Key Route to 12th and Broadway and change to the 4th avenue cars. Any local car line will transfer, or take the 4th avenue line down town. The running time is only 10 minutes from Broadway.

THE REALTY SYNDICATE

OFFICE OPEN EVENINGS.

SAYS WIFE NAGGED HIM ABOUT HIS DEPENDENCY

Martelock alleges that Julia Martelock continuously "threw up to him" the fact that she was supporting him on life insurance money left by her first husband. In addition he says that she abused him in other ways.

Frank Lee has filed suit against Rosie Leo, alleging that she was the executor of the estate of Mamie Bradford has sued Thomas J. Bradford on the same grounds and Ida Yearley accuses Frank Yearley of habitual intemperance.

FINAL DISTRIBUTION OF ADAMS ESTATES

late Edison Adams and his wife, Hannah Adams, which have been pending in the probate court since 1933, has been asked by Edison F. Adams and John C. Adams, executors. According to a petition for final distribution which has been filed, there is due Edison F. Adams a balance of \$11,159.92 as executor of the Edison Adams estate, while in the estate of Hannah Adams there is a balance of \$57,198.59 to be disposed of among the heirs. The estates were originally appraised at more than \$1,000,000.

SCIENTISTS MAY BE VICTIMS OF CANNIBALS

stances, supported by the story of a massacre of white men in German New Guinea, brought to San Francisco yesterday by R. Westermann, a German instructor in the Chinese University at Kiatschou, China, tend to indicate that a party of four American scientists who sailed from this port four months ago on an expedition to study the Papuan, Malay tribes on the German side of New Guinea and the archipelago, may have fallen vic-

tims of cannibals in the mountain fastnesses of the island. The party, which was sent out by the Carnegie Institute, consisted of Dr. A. Newton Harvey of Princeton, Dr. H. J. Clark of Harvard and Prof. D. H. Tennant of Bryn Mawr.

Redwood Peak Inn

Chicken dinner and huckleberry pie Sundays and holidays. You may order dinner in advance. Address Mrs. Zwilling, 2315 23d Ave., Oakland.

Campbell Heaters and Rotary Air

THE two are as inseparable as they are incomparable. When you use the Rotary Air Movement with any other system you lose its enormous benefits.

Why? Because A. K. Campbell invented the Rotary Air idea and only by his patented method of operation is the rotating air fresh, pure and free from gas, soot and scorching.

Campbell's Heater

is of unvarious durability, our old heaters, many of them in use a quarter century are in first class working order today, not only in homes but in churches, schools, hotels, etc.

With the Campbell Heater there are no leaky valves, tubes, etc.; no loss of heat-delivery from lime-eaten radiators.

And Campbell Heaters burn any kind of fuel. Slack, hard or soft coal; wood, natural gas, etc. You have only to adjust the patent damper. On Page 27 of our booklet, you will find this letter—"I have used maple wood with good results."

for burning Dakota lignite" (very difficult to burn). Economical—efficient, and simple to manage. Send or phone for our book "A Warm Story."

However, his egotism prior to his ignorance, and he proceeds to argue a consti- question as though he were a learned judge deciding an lead of a local pundit inflated with his own vanity and ortance.

address before the American Bar Association Mr. said that rights guaranteed foreigners by treaty could bridged by acts of State legislatures. He was discussing under alien land law. The question really at issue in our is not whether Mr. Kellogg's contention be true, but the California statute conflicts with the treaty the States has entered into with Japan. If the act does not any treaty right, the Japanese have no case in law.

the amusing feature of Mr. Rowell's interpretation of the Constitution is that it is diametrically opposed to the tion placed upon it by his political idol, Theodore Roose- when he was sitting in his Presidential chair, Colonel t asserted the superiority of treaties over State laws in rise terms Mr. Kellogg employed. So did his Attorney- Mr. Bonaparte, and his Secretary of State, Elihu Root, ment lawyers. In the San Francisco school matters, Pres- rosevelt asserted that no treaty right could be abridged by ent of a State legislature or ordinance passed by a munici- cil. He asserted, moreover, that a treaty with a foreign as the supreme law of the land until it had been abrogated power that made it—namely, the President and Congress.

down the self-same proposition that Mr. Kellogg ad- that international law and the comity of nations rather e constitution determine the scope and extent of the making power.

shall not undertake to decide who is right in this matter, mention it to point out that Mr. Rowell has ranged him- against the statesman he lately supported for President. His of the divorce law of South Carolina is a mere verbal ge in the innocent atmosphere, which may be construed om of derision or a formal salute to an enemy whom he to engage.

President Roosevelt went further than asserting the nce of treaty rights over State laws. He urged Congress d our naturalization laws and confer upon Japanese the of citizenship. He argued that they should be placed on e footing as natives of European countries, and given the expatriate themselves and be naturalized as citizens of ay. He did all this before he branched or progressed the Republican party and ran for a third term on a plat- and ticket of his own making. Neither during the cam- f 1912 nor since has Colonel Roosevelt announced that his egarding the binding character of treaties or the naturali- of Japanese have changed.

ater, Rowell supported him, well knowing the record that a made. During the campaign he pooh-poohed discussion Colonel's attitude on the Japanese question but the election was over and his candidate defeated he be- hout for a policy directly opposed to the Colonel's. Now as the list to dispute with Mr. Kellogg, on an academic question he ignored when it had a real meaning. He Colonel Roosevelt, Secretary Root and Mr. Bonaparte e with Mr. Kellogg. It is to laugh.

from Washington says the tariff bill will come to the House. The sooner the better. Prolonging the agony

EXTRA!

—BY THE OAKLAND TRIBUNE CARTOONIST

only makes matters worse. As long as it has got to come, let us take the jolt and be done with it. THE TRIBUNE takes no stock in the filibustering tactics of Reed Smoot and Boies Penrose. They are not leaders to invite public confidence, and their methods are an injury to any cause that they espouse. Since the thing must be tried out, the sensible thing to do is to let the trial begin as soon as possible. Filibustering to stave off a vote does not mend matters nor prove that the predictions of opponents are correct. The Democratic tariff will have to be judged in the end on the merits of its performance. We hope it will work well, but are afraid it will work badly. Nevertheless, we believe in giving it a fair trial, and are opposed to mere obstruction.

Collier's Weekly stigmatizes the Louisiana Senators as traitors because they refuse to vote for a tariff bill containing a free sugar clause. Whom do they represent? The people of Louisiana or the Democratic party at large? Public sentiment in Louisiana unanimously sustains their position. They are doing precisely what their constituents would have them to do. Yet Collier's Weekly, which is published not in Louisiana but in New York, calls them traitors because they will not ignore the wishes and interests of the voters who gave them their commissions and render obedience to the Democratic caucus. When is a man a traitor? What is treason anyhow?

If the Ventura Free Press were actuated by a sincere desire to ascertain and tell the truth, it would be more candid in commenting on the opinions expressed by its contemporaries. If it did not know it all already it might in time, perhaps, learn that it is possible to progress sanely and safely, and that its displeasure carries no penalties, no sense of ignominy, nor any feeling that the Ten Commandments have been violated. By a gigantic intellectual effort it may bring itself to realize that two and two do not make five because it says they do. But the lamp of learning burns in vain for those gifted with omniscience and whom superior virtue has absolved from the duty of telling the plain prosaic truth.

Some of the things the English suffragettes do are so outrageous that it seems only mad people would be guilty of them. For instance, Premier Asquith was playing golf with his daughter the other day when two viragoes, having eluded the constables posted around the grounds, rushed on the links and assaulted the Premier like furies. He is an old man and not strong, and he was too much of a gentleman to strike his assailants. The women hurled him to the ground and dragged him around, calling him a scoundrel, a coward, a liar and a traitor to womanhood. The police finally came and packed the furies off to jail. This is the kind of thing that makes militancy so obnoxious to normal men and women. It savors of lunacy. Contemplating such senseless and demoniac proceedings, men ask themselves is it safe to trust women who do such things with the ballot. The Pankhurst idea seems to be that acting like a lunatic proves one qualified for the

be harbored in disordered minds. Militancy appears to be a freakish savagely, a giving way to vixenish impulse partly to gain notoriety and partly to show what diabolic devices they can resort to.

Secretary Bryan refuses to worry over the Mexican embroglio as long as the Chautauqua Circuit solves the problem of the high cost of living. He is opposed to war as long as he gets paid for lecturing on peace.

Children and Gardening

Wherever there is a child in the city and a handful of earth, though it be capable of supporting only two or three blossoms, there should be a garden. Children naturally love flowers, or may be interested in watching all things grow, and one of the crying shames of city life is the plots of ground tramped hard, guiltless of even a blade of grass, about many unfortunate city homes that could readily enough be given a touch of beauty that would gladden the hearts of many little people. There is no inspiration for children in bare spots and scattered rubbish, among which so many of them are forced to play. The child, given half a chance, will devote no small part of the day to a garden plot. As he comes to realize that the little garden is his very own he develops a respect for private property and thus becomes a better citizen. The garden plot gives him a love of home and keeps him there when he might otherwise be in mischief on the street. School gardens are excellent, but the school term closes about the time when gardens have about started under good headway. The child can not get the sense of private ownership in the large school tract in which he is allotted a little plot that is one of a score or more run in a community way. The playgrounds do much for the child, but they take him away from home to do it. An organized effort on the part of enthusiastic individuals, or perhaps some association, would accomplish great good if directed toward encouraging little garden plots for the children in every yard possible. Not only would the little people be reached in this way, but the big people as well, and the seeds for a more beautiful city and for better citizenship thus be sown.—Springfield Republican.

Many Japanese Divorces

When it comes to wholesale divorce, Uncle Sam's nieces and nephews aren't even "also rans," compared with Japan. We lead the rest of the world in fracturing the marriage tie. But Japan beats us almost three-fold.

The following table shows the number of divorces granted yearly for each 100,000 population in the countries named:

Austria	1
England and Wales	2
Italy	3
Scotland	4
Norway	6
Bavaria	8
Sweden	10
Australia	10
New Zealand	10
Belgium	11
Bulgaria	11
Hungary	11
Denmark	12
Prussia	13
Switzerland	13
France	17
German Empire	23
Switzerland	29
United States	29
Japan	216

Presumably it is women's innate love of a bargain that gets her into trouble so often with the custom officials.

OLD AGE AND HARD WORK

There perhaps are no spectacles more heartening than those of cheerful and active old age. The joyousness and enthusiasm of youth are charming and stimulating, and contribute greatly to the freshening of interest in life, but there is a taint of sadness and regret in the feeling of excitement, a fear of the coming of lessening vigor and of disillusionment. These young people may be happy only as long as they do not know the hills and long as they do not come a few years later in life. The cheery old people hold out the hope that these things cannot permanently affect the rest of life, but add only to its richness and mellowness. We are interested in getting at the secret of their happy survival.

William Crookes, famous for his scientific attainments and discoveries, who completed his 81st year not many years ago, and still engaged in important experimental work. To a newspaper man who asked the secret of his vitality, Sir William attributed it to hard work, and went on to explain:

When I say hard work I mean brain work, and brain work in which one takes a keen interest, for otherwise it would mean worry, and worry, I think, is almost from my earliest years. I have been deeply interested in sci-

entific study, and particularly in chemistry, the greatest of all modern sciences, so great indeed that it is slowly but surely absorbing all the other physical sciences. My father was not a scientific man, although when at the age of 9 or 10 years I set up a modest little laboratory of my own, which was called my "glory hole," he took a benevolent interest in my childish experiments.

There is no definite formula about this. One may feel that there is something of a gift in the whole matter—the gift of being interested in some work to a degree that will overcome all its burdens. We all have experience of this in the eager pursuit of sports or hobbies. It is a fine thing for the world when the exercises of a sublime curiosity, the pursuit of a kind of "discovery," leads to results in as many useful discoveries as has been the case in the life of this man.

of in seeking to penetrate the secrets of nature is the practical use of any discovery he may light upon. Possibly the great joy of work of this kind is reserved only to the few, but there is something in the nature of Sir William's talk suggesting that earnest grappling with life's problems with- out too much worry over personal re- sults may yield satisfaction to many.

—Indianapolis News.

WOMEN IN THE WORLD

Zue McClary, who is the daughter of a Minnesota clergyman, is the only woman who is a manager of midways. When she was left a widow with three children to support she turned to the business of providing sideshows for fairs, and so successful has she been that at the end of eight years she competes with the greatest men in the fair business.

St. Etienne, France, excludes women with visible hats from all public conveniences and places of entertainment.

Twenty of the twenty-one county superintendents of schools in Wyoming are women. There are one justice of the peace, one county treasurer and one county clerk.

Through a gift of \$1000 made by Mrs. Russell Sage to the New York Women's League for Animals, additional watering places for horses have been established in different parts of the city.

Mrs. Frederic Schaff, president of the Mothers' Congress, has been chosen by United States Commissioner of Education Philander B. Claxton to head the newly created home department of national education.

After staying at her job as postmistress of New Durham, N. J., for 20 years, without taking a single day off, Mrs. Caroline Kettle, with the permission of the residents, will put an assistant in charge of the old brownstone postoffice one of New Jersey's landmarks, and take her first vacation.

Dr. Anna Howard Shaw, president of the National Woman Suffrage Associa-

tion, has taken issue with the announcement that members of the National Association, Opposed to Woman Suffrage shall be known as "woman cross-burners" because they are so "opposed" to woman's suffrage. Cardinal Gibbons is quoted as saying: "I think women were better made good mothers than good politicians. But suffrage is certain to come to women." Eventually it has not occurred to him that a woman can be both a good mother and a good politician. It is respectfully suggested that since many women have already proved themselves satisfactory mothers, while good politicians are sadly few, women might be allowed to try the double role.

Miss Grace Abbott of the Chicago Immigrant Protective League, has been appointed executive secretary of the Massachusetts Immigration Commission.

Miss Edna Gorman, one of the best of women workers recently appointed in Topeka, Kansas.

In New York city and other large workers have proved that a woman can do as much as a man in a week.

The board of welfare of Kansas City investigating the wages of women workers, found that one-fourth of them receive a weekly wage of less than \$8.

Miss Cornelia Adams, one of the best known American women in London society, at the age of 60, will return to her ranch and assume management of the vast estate and the home.

LATEST NEWS FROM OUTSIDE TOWNS

CONTRACT MADE FOR FIREHOUSE

New Building to House Apparatus Will Cost \$9140.

HAYWARD, Sept. 5.—Contract for the construction of Hayward's new fire house has been awarded to Peter Mathiesen of Hayward, his estimate being \$9140. The next lowest estimate was put forward by Ernest Anderson of San Francisco, who offered to do the work for \$8800, which will be commenced on the fire house immediately. The old fire house on B street will be razed and sold for kindling wood, and the new house will be erected on the same site. The fire house will be a two-story structure, of reinforced concrete. The fire engine and other appliances will be kept in the lower story, while the upper floor will accommodate the firemen. The building will have a fine appearance when completed.

An interesting ceremony will take place in Hayward immediately after the new fire house is built. According to a report, the son of the fireman Alfred Ward, Hayward's first fire chief, the pioneer fire-fighter's remains will be disinterred from their present resting place in an eastern cemetery and will be interred in Lone Tree cemetery, Hayward. Members of the Hayward fire department will take part in the ceremony attending the reburial, and an impressive program is being arranged.

The property on which the new fire house will stand was gifted by Fire Chief Ward in the early days. Ward was one of the pioneer and leading citizens of this city, and many tales can be told of his participation in the work of the first fire department when it was organized.

HAYWARDITES TO CONTEST ESTATE

Sawyer Family Depart for Missouri, Seeking Money and Land.

HAYWARD, Sept. 5.—Hayward people are evincing interest in a legal fight which will be conducted at Marysville, Mo., next week. Jesse Sawyer of Hayward, Mrs. Sawyer and their son, Raymond, and Joseph Sawyer, left Hayward this morning for Marysville as the result of trouble over an estate that was left to the Sawyer family by the late Joseph Johnson, father of Mrs. Sawyer. Two brothers of the deceased, Mr. Joseph M. Johnson, are contesting the will, which left the estate to Mrs. Sawyer, and both sides have lined up with a big battery of forensic talent.

The estate consists of \$5000 and 125 acres of land situated in Nevada county, Mo. When Johnson died he left the estate to Mrs. Sawyer, with whom he had made his home. No sooner had the news of the good luck been conveyed to Mrs. Sawyer by County Administrator Cook of Nevada county than the Sawyer family received word that a sister and two brothers of Johnson were to contest the will.

SPEEDER IS ARRESTED;
\$10 BAIL FORFEITED

HAYWARD, Sept. 5.—C. Graham was the solitary speeder to pay the penalty yesterday. He was arrested by Deputy Marshal Joseph Mendonca, and forfeited bail of \$10.

CARE of the teeth is taught today in thousands of schools—the children are saved much misery from toothache and have better general health.

In your home—as well as in the schools—the common sense of "Good Teeth—Good Health" is plain—for adults as well as for children.

Twice-a-day care with a safe, antiseptic, pleasant-tasting dentifrice does wonders for man, woman and child.

Be sure the one used in your household answers these requirements—you are protected if each member of the family has a tube of

URGE SIGNALS TO PROTECT TRAFFIC

Coroner's Jury Sits on Case of Autoists Killed by Train.

HAYWARD, Sept. 5.—Cones of a recommendation by a jury, which heard evidence here yesterday in the fatal auto-train collision at San Lorenzo, that oscillating signals be placed at the Southern Pacific railroad crossing at San Lorenzo, will be forwarded to the board of directors and to the Southern Pacific.

Coroner Tisdale presided over the inquest, which was held at the parlors of Deputy Coroner Sorensen. The inquest was adjourned from August until yesterday, in order that John McTeer, one of the injured autoists, might be recovered sufficiently to give evidence. The jury found ten-year-old Albert McTeer, Louisa Bellani and Mrs. Margaret Odenfelder met their deaths as a result of the Southern Pacific flyer running into two automobiles at the railroad crossing near San Lorenzo.

Death in this case was due to fracture of the skull. A number of witnesses gave evidence yesterday including eye witnesses of the fatal smash. The jury recommended that oscillating signals be placed at the railroad crossing, in order that traffic might be protected.

WORK STARTED ON NEW STREET

Hayward's Thoroughfare Will Be One of Best in State.

HAYWARD, Sept. 5.—Work started Wednesday in laying upper B street with asphalt. The relaying covers over a mile of the street from Third street up to Kelly hill, and will take days to complete. Shade trees have been planted along B street, and in a short time the street will be one of the finest and most impressive approaches to the city.

Two blocks of the street have already been showed up in preparation for laying the asphalt, and contractors are opening up the ground at the rate of a block and a half a day, and also grading it. The relaying of B street with asphalt will cost the municipality of \$200,000 and will be one of the biggest street improvements undertaken by the town for some time.

The city decided to carry on the improvement despite a protest on the part of property owners on B street, who claimed that the asphalt would ruin the property. The city, however, is intended to effect a similar improvement on upper C street, and the trustees will be called to deal with a similar protest.

HAYWARD WATER FAMINE IS AGAIN AVERTED

HAYWARD, Sept. 5.—After being without water for a day and a night, Hayward is now receiving its water supply, although yesterday the pressure was not up to the normal, and was hardly sufficient to pump the water into the houses on the higher ground. The high schools and grammar schools remained closed yesterday owing to the trouble over the water supply. Today the pressure is returning to the normal.

The supply was shut off owing to a leakage in one of the main pipes. The San Lorenzo Water company had a large staff working day and night to repair the leakage, and the water was restored this morning.

SAN LEANDRO WILL SEND NOVEL DISPLAY

SAN LEANDRO, Sept. 5.—A novel display will be added to the 4th of September parade by the San Leandro Naval Cadets. The parade is planned to have three huge decorated parades carried in the parade by San Leandro contingent. The parades will be painted red and green, and an artistic representation of cherry trees painted on the covers of the parades will draw attention to San Leandro's famous cherry orchard center.

Stings of streamers will depend from the parades, each streamer being held by one of the local Native Sons. The parade should be a most pleasing and striking. Forty members of San Leandro Parlor Native Sons will march in the parade, in their handsome uniforms.

STEALS CLOTHES, BUT SPARES VALUABLES

SAN LEANDRO, Sept. 5.—George de Mont, owner of a garage here, went home at lunch time to find his gold bracelet and a number of valuable belongings had been stolen from him. He went to look for the suit, which he found missing, as was also the suit and vest of another suit.

Why the thief should have taken only the suit of clothes and the vest and vest is a mystery. Everything in the garage is the garments had been removed and placed on the table. The thief had left without raising suspicion, closing the front door after him. Marshal Joseph Perilla and Constable Manuel Berge have been notified of the theft.

"HUMAN WRECKAGE" TO BE LECTURE SUBJECT

FRUITVILLE, Sept. 5.—"Human Wreckage" will be the subject of an address by Captain William I. Day, superintendent of the Santa Prison Commission, at a meeting of the Boys' Club of Fruitville, next Sunday morning. Captain Day will tell of prison life and of his interesting experiences in his 25 years study of prisoners and discharged prisoners, and his lecture should be instructive from a humanitarian standpoint.

The meeting will be held in the Congregational Army in Fruitville avenue, and boys and girls have been invited to attend. President Ed McDermott of the Fruitville Boys' Club will preside.

BITTEN BY CENTIPEDE SHIPPED IN PINEAPPLE

SAN FRANCISCO, Sept. 5.—Fred Ward, while unpacking pineapples in the warehouse of the Growers' Co-Operative Fruit company, was severely bitten on the right hand by a centipede which was shipped in a pineapple.

DIARRHOEA QUICKLY CURED. Mr. York, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one bottle I was cured. I also cured others that I gave it to. I feel like writing Mr. E. Gebhardt, Orville, Pa. That is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. —Sale by Osgood Bros. Drug Stores.

A "Hale" Saturday Rich With Value-Giving Fresh New Fall Goods in Abundance at "Your Own" Prices

Hale's Washington and Eleventh Streets, Oakland **Hale's**

Suits You'd Gladly Pay \$30 for at \$19.50

Rich in grace of style, quality of fabric and excellence of workmanship, these \$19.50 Suits for Autumn and Winter wear offer "value" rarely, if ever, found at this price except at the season's end. SKIPPER MARRIES COUPLE AT SEA

Timid Pair Ask Captain Chas. Smith to Perform the Ceremony.

SAN FRANCISCO, Sept. 5.—The simple marriage service has been inaugurated, and hereafter the bride and bridegroom, objecting to the long and weary service of the church parson need have no fear—provided they marry at sea.

Captain Charles Smith, youthful skipper of the steamer Buckman, is responsible for the new method of binding the nuptial knot. Although Skipper Smith guarantees to complete the splice in record time, the said splice is so firmly secured that it will last for the life of the couple.

Just at dusk the first day out Smith was on the bridge for dinner when he was visited by two timid and self-conscious people. Their names were registered on the manifest as George Havelock and Margaret Haskins.

"Captain," said Havelock, "we have a marriage license. It was a case of missing the ship if we had stopped to get married and we concluded to sail before getting married and asking you to perform the ceremony."

Smith called to a couple of his quarter-

masters and then placed the hand of the girl in that of Havelock.

"George Havelock, do you take Margaret Haskins for a wife?"

"I do," answered the youth.

"You are married," pronounced the skipper. "Now, come down to dinner, and when you are through come into the chart room and sign the log."

Three minutes from the time he left the bridge, Skipper Smith had completed the task and was busily engaged in eating his dinner.

DISPUTE OVER GOWN; WIFE ASKS DIVORCE

SAN JOSE, Sept. 5.—Because he disapproved of diaphanous skirts and she had modern tastes, Mrs. Bertha C. Hanscom, 50 years old, and pretty, brought suit for divorce against James D. Hanscom, 60 years old, and a millionaire hotel man of this city.

Mrs. Hanscom was a nurse before her marriage to the millionaire, and it was while acting in that capacity that she fell in love with him. They were married in San Jose and have resided since at

CRAWFORD MATTER BEFORE JURY

Alleged Useless Report of the Attorney-General on Deportation Under Fire.

EUGENE, Ore., Sept. 5.—Following the news from Salem that Governor West had reprimanded Attorney-General Crawford for his alleged useless report on the deportation from Bandon of Dr. B. K. Leach, the publisher of a paper favoring "direct action," comes the announcement from Marshfield that District Attorney George M. Brown has laid the matter before the grand jury and that a

called before the inquirers to testify. It had been supposed, the report from Coos Bay says, that the investigation and report of the attorney-general had closed the incident, but the activity of the prosecuting attorney has aroused public interest.

ANGLERS PROTEST NEW RULING OF COMPANY

ALAMEDA, Sept. 5.—Alameda anglers heard with regret the new ruling of the

Southern Pacific company prohibiting fishing from Long Wharf, and many fishing parties planned for weeks ahead have been compelled to change their plans or give them up altogether. Fishermen in large numbers have each Sunday gathered on the wharf, where the sport is considered to be the best in the vicinity, and many long strings were the results of the early morning pilgrimages to the fishing grounds.

Just what the reason for the exclusion order is, is not set forth in the ruling. Some of the local fishermen claim that the wharf is the property of the city of Oakland and that as such the railroad company is without jurisdiction in the matter.

Just what the reason for the exclusion order is, is not set forth in the ruling. Some of the local fishermen claim that the wharf is the property of the city of Oakland and that as such the railroad company is without jurisdiction in the matter.

THIEVES STILL ACTIVE ACROSS THE BAY

SAN FRANCISCO, Sept. 5.—A perch climber made his way through a second-story window, and obtained \$85 in jewelry from the home of Mrs. K. Kaiser, 1109 Guerrero street, some time during the night.

The saloon of Herman Doehler, 500 Grant avenue, was entered some time after it was closed at 2 a. m. and \$38 taken from the ice box, where the bartender had secreted the money.

Just what the reason for the exclusion order is, is not set forth in the ruling. Some of the local fishermen claim that the wharf is the property of the city of Oakland and that as such the railroad company is without jurisdiction in the matter.

MOTORCYCLE RACES FOR EMERYVILLE

Speed Novelties Promised in
Racing Carnival Next
Sunday.

(By EDMUND CRINNION.)

The California Auto-Cycle Club is planning a series of motorcycle and novelty events to be given under the sanction of the W. F. M. on the Emeryville track next Sunday, which should attract even the widest circle of the sensation hunter.

One of these novelties is a five-mile race in three heats between two motorcycles, each of which will trail an ordinary sulky, carrying a young rider. With the motor hitting 70 miles an hour around the track, and with the sulky

est thing in a motor event, and in the short time since its introduction in California has made an unprecedented "hit" with the speed fans.

Another one of the features will be a five-mile open-port event between Earl Armstrong on an Excelsior and Clarence Oberg on a Thorn, two of the most popular riders in California. Despite the fact that the open port is recognized as the speediest "two-wheeler" on the track today, "Red" Perkins on a stripped stock Jefferson will go after the laurels in this

An effort to hang up a new record for one mile on a circular dirt track will be made by a team of riders.

Along with these riders will be such other men as Billy Zettle, Ben Torres, all daring riders, and a score of men belonging to the amateur ranks. A long list of valuable accessory prizes and \$300 in money have been offered by the club.

WHITED DIES SUDDENLY.
J. H. Whited, formerly general manager of the Pathfinder Pacific Motor Sales Company of San Francisco, passed away suddenly last Monday from heart failure. Whited had just recently taken up the automobile business and had become very active in it and accumulated many friends.

Whited was for 14 years superintendent of the Southern Pacific Railroad Company at Wadsworth, Nevada. He was also secretary and treasurer of the Telephone Herald Company of Oakland. Whited was born on February 14, 1851. He was to be buried by the California Lodge No. 1 F. and A. M. at Grays Chapel, corner Geary and Divisadero streets at 10 o'clock today (Friday), Sept. 5, 1913.

FIRESTONE HOME FROM EUROPE.
H. S. Firestone, president of the Firestone Tire and Rubber Company, Akron, O., has returned to New York after a two-month tour of Europe.

Firestone was accompanied by a family and reported a pleasant voyage. While hundreds of miles at sea Firestone said he was "in a very good mood" and was very fortunate for just a few hours after their leaving the imperator she caught fire and what looked to be a serious conflagration was finally checked by the New York Fire Department.

Conditions abroad and at home, according to Firestone, are such that his company's business during the next year will be larger than ever. Several large additions to the factory, for which ground was broken just before Firestone left, are well under way, and will be completed in early winter. These additions will increase the factory output from 50 to 60 per cent.

CURRY MAKES TRIP.
C. Curry of Ukiah has just made an exceedingly fast trip from Eureka to Ukiah in an Overland car. In speaking of the trip J. W. Leavitt of J. W. Leavitt & Co., coast distributors for the Overland car, says: "Curry left Eureka at 8:30 a. m. in the morning and arrived in Ukiah at 5:35 p. m. making a distance of 165 miles in 14 hours and 5 minutes."

"This is exceedingly fast time when one considers the mountainous highway over which Curry had to travel and the condition of the roads at this time of the year."

GROWERS RAISE PRICE FOR NEW RAISIN CROP.
FRESNO, Sept. 5.—The California Associated Raisin Company, the million dollar growers' co-operative association, announced yesterday a general increase in prices for the incoming crop and for holders raising in the hands of the company and its members.

The new price list includes increases of an average of a quarter of a cent a pound on Thompson's seedless and an eighth of a cent on muscats. The new prices on the raisin crop will take effect September 19, and those on the new crop at once.

Notice was given by the directors that no more minor-sized cartons of seedless raisins would be marketed, the minimum hereafter to be of the one-pound size, the smaller size not being worth handling.

TEILMAN DEFENDS HIS IRRIGATION CANAL WORK.
FRESNO, Sept. 5.—I. Teilman, chief engineer for the Fresno Canal and Irrigation Company, said last night that the reclamation work proposed for the California Delta Association is being done by his company, that it has been carried on openly and that it will not divert any of King's river flow into the San Joaquin.

"Our work," said Teilman, "has deepened the slough channels so that, instead of the fresher water spreading over the flat country, it stays in the river beds."

JAPANESE OFFICIAL IS STABBED BY ASSASSIN.
TOKYO, Sept. 5.—An attempt made today to assassinate Moritomo Abe, director of the political bureau of the Japanese foreign office. He was stabbed in the abdomen and is suffering from a severe wound.

CAUGHT A BAD COLD.
"Last winter my son caught a very bad cold and the way he coughed was something dreadful," writes Mrs. Sarah E. Duncan, of Tipton, Iowa. "We thought

bought just one bottle of Chamberlain's Cough Remedy and that one bottle stopped his cough and cured his cold completely."

Excursion Rates to Santa Rosa.
Round trip excursion tickets are now on sale for August 4 to September 8, inclusive, for Santa Rosa's Agricultural District Fair, at one and one-third for the round trip from Tehama, Roseville, Colusa, Yuba City, Marysville, Fresno and intermediate points. Final return limit September 8. See Aug. 5 P. M. for further information.

JUSTICE BROWN DIES, AGED 78

Heart Disease Ends Life of the Jurist in New York Apartments.

NEW YORK, Sept. 5.—Henry Billings Brown, retired Associate Justice of the United States Supreme Court, died yesterday in his apartment in a hotel at Bronxville, N. Y. He had been in failing health for more than a year, but was not taken seriously ill until two weeks ago. The immediate cause of death was heart disease. Mrs. Brown and Mrs. Warren, wife of Senator Warren of Wyoming, were at the bedside at the time of the justice's death. Justice Brown was in his seventy-eighth year. Burial will be in Detroit, Mich.

Justice Brown was appointed to the Supreme Court in 1890 and served until May, 1906. Previous to this appointment he served as deputy United States marshal, assistant United States district attorney and United States Circuit Court judge in Detroit. In politics he was a Republican. He was born at South Lee, Mass. and was graduated from Yale University in 1856.

GRAPE GROWERS LOSE BY EARLY CONTRACTS.
DINER, Sept. 5.—Grape growers of the Alta district who contracted their Tokays at 55 and 60 cents per crate are bemoaning what they thought then was a good bargain. Within the last week growers have been receiving the highest price paid for Tokays since 1906.

Late shipments of last week, on which reports are just coming in, sold in Eastern markets as high as \$1.10 and in some instances especially well-colored fruit brought \$1.10.

While the crop in this section is only fair, the high prices promise a profitable season.

BURBANK WILL SPEAK BEFORE NURSERY MEN.
FRESNO, Sept. 5.—Several prominent men will address the State Convention of the California Nurserymen's Association in Fresno, October 18 to 20, among them Luther Burbank, A. J. Cook, State Horticultural Commissioner, Dean Thomas Hunt of the Agricultural Department of the University of California, and former dean E. J. Wadsworth.

Charles Chambers, Fresno Park Commissioner, is in charge of the exhibit of nursery features, and T. E. Mabey of the entertainment for the visitors.

Flower culture and home and garden decoration also will be taken up.

FASTEST SHIP AFLOAT.
BERLIN, Sept. 5.—It is claimed that the new Russian destroyer Novik is the fastest ship in the world. She developed 37.3 knots in her trial at Swinemunde yesterday. She was

built at that place from designs by the Vulcan Company, and was fitted with turbines and boilers made by it at Hamburg and Stettin. The Novik burns oil and is not ritted with smokestacks.

HUERTA'S AGENT TO CONTINUE NEGOTIATIONS AT CAPITAL

MEXICO SEEKS LOAN FROM THE U. S.

Washington Sees in Overtures Better Chance for Acceptance.

Manuel de Zamacona Will Represent Mexican President in Deal.

WASHINGTON, Sept. 5.—Manuel de Zamacona, former Mexican Ambassador to the United States, and recently financial agent for the Mexican government in London, will endeavor to carry forward in Washington the negotiations between the Huerta administration and the United States for a solution of the revolutionary problem.

Senor Zamacona comes primarily to continue the negotiations begun with John Lind, but his ultimate object is to obtain for the Mexican government the loan which the United States declares in its second note it would encourage American bankers to float if the Huerta government accepted the chief American proposals.

The administration here was sounded out as to the mission of Senor Zamacona and had not yet given its answer when the latter started from Vera Cruz yesterday.

WILL BE RECEIVED.

There seemed to be little doubt today in official circles that the Washington administration would receive Senor Zamacona under certain conditions, as he is well known here and regarded as one of the ablest of Mexicans.

Senor Zamacona's affiliations, however, have been with the financial, instead of the "political" side of the Mexican government. Some of the constitutionalists in Washington look on him as the agent of the "financial" or financial group that for a long time ruled Mexico's affairs. As he has been so little a participant in Mexican politics because of his long absence abroad others are inclined to regard him as a non-partisan disinterested toward the present situation.

The coming of Senor Zamacona produced an optimistic effect in official circles. The offer of encouragement for a loan to Mexico had been conditioned on the acceptance of the chief proposals made by the United States.

HUERTA GIVING IN.

The apparent decision of Huerta to send Senor Zamacona before word was received from Washington was taken to mean today that the Huerta government had, in effect, accepted the American stipulation that Huerta should not be a candidate for re-election. Though there is no assurance on record positively excluding Huerta from the presidential contest the Washington government is taking it for granted that he will not run and is likely to encourage a loan under conditions that will further the effort to bring about a cessation of hostilities and a constitutional election.

The White House has taken the position also with respect to the loan that if Mexico accepted the American proposals for the establishment of a bank in the southern republic it was incumbent on the United States in return to assist in the financial rehabilitation of the country.

Juveniles Rehearse Drama of Indian Days

Historical Procession Will Be in Costume

GIRLS OF THE DE FREMERY PARK PLAYGROUND WHO WILL TAKE PART IN THE INDIAN PAGEANT WHICH WILL TAKE PLACE IN LAKESHORE PARK MONDAY AFTERNOON. IN THE CENTER IS RUTH KORK, LEADER OF THE DANCERS.

WILL TAKE PART IN LAKESIDE PAGEANT

De Fremery Park Lads and Lassies to Give Gala Feature

Several hundred boys and girls of De Fremery park playground who will take part in the pageant to be given in Lakeshore park next Monday afternoon appeared at a rehearsal this afternoon in that park, where the juveniles will present a drama of the Indian days in a historical procession. In costume the youngsters will perform for the entertainment of the visiting Native Sons and Daughters, who will be among the spectators at the gala event. The lads and lassies will attempt to recall in symbolic dances the occupation of California by the Indians before it was inhabited by the white men. There will be 125 girls and seventy-five boys in the pageant, which, according to reports, will surpass anything ever given by the children of the De Fremery park playground.

The curtain in the first act of the drama of Indian days will open in an Indian tent which will be pitched by the boys.

Mission days will be recalled when three friars dressed in robes of the monks will walk up from the shore of Lake Merritt. Their advent will be given by the children of the De Fremery park playground. The selection of the fathers will retire to a bower under an oak. In front of the bower, which will be banked with vines and greens, there will be a red canvas which will have the appearance of the Santa Barbara mission. The bells in the mission will toll. The chimes will indicate the hour of prayer. One of the fathers will walk out of the tent and the Indians will gather about him in supplication and a hymn will be sung.

SPANISH COMPANY APPEARS.

In the fourth act the Spanish flag is raised, while the Spanish national anthem will be sung. A bugle call will summon a company of men, who will be clad in breastplates and uniform. They will carry guns and flags. The squad will be welcomed by the Indian chief and his band and the pipe of peace will be passed. Pioneer days will be depicted when the prairie schooner enters, which will be the signal for a sortie by a band of Indians in ambush. A number will ride on Shetland ponies and others will walk. Several thrilling personal encounters will take place.

Episodes in the days of the miners will constitute the fifth act. The boys will stroll across the field with prospectors' outfits on their shoulders and will appear to be going to their respective diggings. The miners will erect their tents and work with their picks and shovels. Among the incidents will be a bold hold-up at a canteen. When he finds that his victim has no water they shake hands and start out in search of gold. The exhausting experiences of miners will be told in a series of exciting trials. In this scene the bear flag will be hoisted.

FREMONT'S TRIUMPHANT MARCH.

In the sixth act John C. Fremont and his men will make their triumphant march. A column of soldiers will enter the arena headed by a scout, who will carry the American flag. The keynote of patriotism will be struck when the band will play "The Star-Spangled Banner."

Among those who will take part in the pageant will be:

Ruth Kork, Elise Lamsell, May Taylor, Marguerite Mein, Helen Cook, Anna Quinn, Eliza Womack, Cora Schwartz, Margaret Rowland, Dorothy Howard, Helen Plummer, Alice Plummer, Margaret Hean, Ella Taylor, Mildred McKane, Katherine Mathews, Anna Carter, Ruth Carter, Irene Carter, Helen Sobranes, Katherine Sobranes, Dorothy Sobranes, Madge Donovan and Marguerite Mau.

Inspection of State Highways Is Begun

SACRAMENTO, Sept. 5.—An inspection of state highways built under special appropriations mainly in the mountain counties by a joint committee of legislators and other state officials as representatives of the governor is in progress with the view of determining what shall be the future policy of the state toward such roads.

The inspecting party is composed of Clyde Sevey, member of the State Board of Control, State Engineer W. F. McClure, Senators Benjamin Rush of Suisun and P. F. Cogswell of Los Angeles and Assemblyman W. F. Chandler of Fresno and A. G. Kuck of Los Angeles.

APPEAL BENCH VACANCY IS DECLINED

County Superior Judges Refuse to Consider Appointment for Year.

Apparently No One on Eligible List Who Will Accept \$7000 Job.

WITH the refusal of the Alameda county Superior judges to consider appointment to the vacancy on the appellate bench caused through the death of the late Justice S. P. Hall, Governor Johnson finds that there is apparently no one on the eligible list who will accept the \$7000 per year job.

Whether or not the higher judiciary will have to be a candidate for election at the primaries a year from November to fill the unexpired term of five years. Then they would have to run again for the 12-year term. As most of the Superior judges have occupied their present positions for some time and many of them recently elected for four-year terms, they do not desire to be confronted with the necessity of making a hard campaign over a larger district than they now are in. All the Alameda county judges have expressed themselves as satisfied with their present position and the situation on the Superior bench is in perfect harmony as it now stands.

San Francisco county is already represented in the Appellate Court by Judge Kerrigan, and it is said that Governor Johnson prefers to fill the vacancy from either Alameda or Santa Clara counties.

John B. Steison of Oakland has been mentioned for the position, but it is understood that he has refused to accept the appointment. Judge Church of Fresno has also been mentioned, but he has a full term ahead of him on the Superior bench and is in the same position as many other Superior judges regarding the appointment.

Judge Ellsworth, who recently retired from the Superior bench, may be prevailed upon to fill the present vacancy, it is said, but would not be a candidate for re-election.

Superior Judge J. D. Murphy of Mono county, who has sat here and in other counties in the Extra Sessions, is one of the best-known jurists in the state, and while his friends have supported him, it is understood that he intends to be a candidate for Associate Justice of the Supreme Court next year.

Dancer May Not Be Permitted in India

CALCUTTA, British India, Sept. 5.—White residents of India are much disturbed over the impending professional tour of an American woman dancer who dances in scanty attire, and it appears probable the police authorities will prohibit her performance here.

The fear is generally expressed that the appearance of a white woman on the stage under these conditions will endanger the prestige of white women in the eyes of the natives.

POLICE SERGEANT HOME.

ALAMEDA, Sept. 5.—Police Sergeant Walter O. Jacoby, who has been away on his annual vacation, is back at his desk today. Jacoby made a hurried trip to St. Louis, where he visited with his parents before extending his trip throughout the east. Jacoby went over the southern route and reports extremely hot weather through Arizona and Texas.

PEOPLE WON'T STAND FOR DELAY OF WORK

Downtown Improvement Club Wants Street Lines to Repair Roadways

Without a dissenting voice the members of the Downtown Improvement Club at the regular meeting in Hotel Gremlin, last evening voted for the acquisition of the local street railway by a district to be formed of the several east bay cities in which the street railway has franchises, with the proviso that the price asked for same is reasonable.

President H. F. Seiler occupied the chair after the routine business had been attended to and while under the head of new business Mr. A. R. Derge called up the matter of promised curves at Thirteenth and Washington streets and referred to the meeting of the mayors and chairmen of boards of trustees of the east bay cities and officials and presented the following resolution. In many speeches the resolutions were seconded and when put to vote were unanimously carried.

"It having been reported that a meeting had taken place between the officials and trustees of the San Francisco-Oakland Terminal Railway Co. and the city officials of the cities of the east bay district, at which meeting it was proposed that the cities should enter into an agreement with the railways exempting them from expending any money for the betterment of their roadbeds, rolling stocks, new curves and changes, new extensions, street paving, etc., for a period of time extending over one to two years.

REALIZE THE HANDICAP.

Whereas, The Downtown Improvement Club fully appreciates what the splendid system and service of the San Francisco-Oakland Terminal Railway Company has done toward the upbuilding of this district, but realizing what a serious handicap and hindrance the cessation of all improvements at this time would be to combined growth and prosperity; and

Whereas, The franchises under which said company operates expressly provide for such work and penalizes said company for any failure to do and perform the same; and

Whereas, The said franchises are the solemn contract between the public and said utility, and as such are the basis for funded indebtedness of said companies; now, therefore,

The Downtown Improvement Club protests against the city of Oakland entering into any agreement with the trustees of the San Francisco-Oakland Terminal Railway Company permitting the delay or postponement of any needed or promised improvements; and further

The Downtown Improvement Club favors the acquisition by the east bay cities of all street car lines in the district, exclusive of the Key Route system, the Southern Pacific system and the Oakland and Antioch system, with the least possible delay, provided they can be had at a reasonable figure.

STANDING COMMITTEES.

The following standing committees for the ensuing six months were appointed:

Executive committee—Louis Aber, chairman; Harry Berovich, J. H. Lesser, W. B. Quigley Jr., D. Knabbe, Frank Miller, C. S. Hannan, Walter A. Henry, E. C. Kayser, Montell Taylor, Fred S. Osgood, A. R. Derge, H. A. Borchert, Louis Bernstein.

Membership committee—Lee Bertillon, chairman; A. Alexander, Louis Bernstein, H. Berovich, H. D. Fredberg, W. J. Culligan, A. R. Derge, A. L. Gerhard, Mandel Goldwater, Irving Jonas, D. Knabbe, Jerry Rissi, Charles R. Smith, Lu Schwartz, C. S. Hannan and E. C. Ellmer.

Finance committee—Ed E. Hesse, chairman; Frank Davidson, Henry J. Rogers.

Civic Association—E. C. Kayser, chairman; D. Knabbe, August L. Gerhard.

Legislative committee—Henry J.

Fuel Co. Secretary Faces Year Sentence

SAN FRANCISCO, Sept. 5.—By reason of the fact that Government Prosecutor Theodore Roche is absorbed in the trial of Drew Cammelt, the content proceedings against D. C. Norcroft, secretary of the Western Fuel company, who yesterday failed to turn over the books of the corporation, were continued until 2 o'clock this afternoon. United States Judge Dowling directed that Roche file an affidavit against Norcroft who faces a sentence of one year for failing to obey the mandate of the court.

Schooner Is Wrecked; 5 May Be Drowned

NOME, Alaska, Sept. 5.—The gasoline schooner Seddon, which left here for Kotzebue sound two weeks ago with a crew of two men and three passengers, is a total wreck near Sumner village, on the northern coast of Seward peninsula. It is believed that all on board were drowned.

'DRINKS ON THE HOUSE' ARE ORDERED DISCONTINUED

BOSTON, Sept. 5.—There will be no more "drinks on the house" in Boston saloons. This is the order of the licensing board, which became effective yesterday.

It is wrong in principle, against the best interests of the proprietors and may be morally and physically injurious to customers, the board said in its notice. Bartenders say that competition has made it necessary to give away one drink in three, and the dealers expect to save money proportionately by the order.

RICHMOND BOOST CLUB DOING MUCH GOOD WORK

RICHMOND, Sept. 5.—At the meeting of the Sequoia Club, which now includes the membership of the Richmond Board of Trade, it was decided to render whatever aid was necessary for the provision of a special float in the Admission Day parade in Oakland September 9, and likewise for the Portola Festival later on in San Francisco. President J. C. Owens and all of the officers of the club were present.

The project of the east bay cities acquiring by purchase the street railway connecting them was approved, and if it materializes it will receive the hearty support of this organization.

It was decided to give a grand banquet at Grand Canyon chateau on the evening of Friday, the 12th instant, at which should be assembled all the boosting and business elements of the city on a grand get-together meeting, and a committee was named to attend to the details.

The secretary was instructed to secure 1000 booklets known as "Greater Rich-

RICHMOND FAVORS MUNICIPAL OWNERSHIP

RICHMOND, Sept. 5.—The officers and directors of the Sequoia Commercial Club were the guests of Senator J. C. Owens yesterday at an Oakland cafe, when the matter of Richmond joining other east bay cities in the acquisition of the properties of the San Francisco-Oakland Terminal Railway Company by the municipality from Hayward to Richmond received the endorsement of the club officials. Those present were: Senator Owens, E. H. Harlow, C. F. Donnelly, O. A. Poulson, F. E. Adams, Ira Vaughn, Dr. C. R. Blake and H. H. Turley. After the supper the party attended one of Oakland's theaters. The proposition for the east bay cities to acquire by purchase the street railway service connecting them meets with much favor in Richmond.

mond Pictorial Souvenir" for general distribution at once, and to inquire into the matter of having more such literature printed for the use of the club.

PARKS AND BOULEVARDS WANTED BY BOOSTER CLUB

RICHMOND, Sept. 5.—The Point Richmond Commercial Club, at its meeting last evening, adopted resolutions endorsing the plan of Richmond band to give weekly concerts in various sections of the city, and urged the business men to help. The Ocean boulevard plan was also discussed, the highway at the peninsula and overlooking the harbor of the city, and recommended the building of the boulevard at once. The park sites for the west side of the city were also gone into at length, but it was decided to wait about this until the municipality has its plans a little more fully completed. Two parks are to be purchased, and perhaps three.

PILES CURED OR NO PAY

No matter how severe your case, we will take it under an unconditional guarantee to permanently and absolutely cure you or accept no pay. The knife is not used. Our marvelous cures are performed by the use of the "Kong" treatment. No operations are necessary for complete success.

Remember you run no risk—

you pay nothing unless cured completely. If you are a sufferer, come in at once and take advantage of this free and square offer. Remember that though other doctors have failed, we will not.

San Francisco, Sept. 7, 1912.

Dear Dr. Kong,

The testimonial I am to give you comes unsolicited. I had been a great sufferer from piles for six years, and at times I was unable to do anything. A friend of mine saw me in my condition and inquired the cause. He replied, "If you will go where I tell you to go, you need not have any more piles." He said, "You go to see Dr. Kong, and if they do not cure you, I will pay for the medicine myself. I did go, and now am a well man, after I took your treatment for the piles. You are at liberty to use this letter, or refer anyone to me, and I will gladly tell them about my troubles and a wonderful cure you have done for me. I am and will not regret it. Yours truly, (Signed) V. CARACCI, No. 2 Garfield St.

If suffering from hemorrhoids, skin troubles, bladder and kidney disease, rheumatism, disordered stomach, come and be cured—end the misery of disease—Thousands of testimonials on file for your inspection.

Office hours, 10 a. m. to 8 p. m. Sundays, 10 a. m. to 5 p. m.

801 Clay St. corner 9th.

To out of town patients—

Send for our diagnostic medicine. We have cured thousands in their own homes.

DISSOLUTION PLAN PROVES SUCCESS

810,054 Southern Pacific Certificates Subscribed for; 90 Per Cent Of Offering.

NEW YORK, Sept. 5.—The offering of the Union Pacific Railroad Company's \$55,000,000 in Southern Pacific stock to Union Pacific shareholders under the Harriman dissolution plan was more of a success than was at first indicated, according to the announcement today by the banking firm which managed the underwriting syndicate. According to this announcement 810,054 Southern Pacific certificates, or nearly 90 per cent of the offering, were subscribed for, leaving only 73,072 shares for distribution among participants in the underwriting.

subscribed for, made shortly after the expiration of the time limit, was 80 per cent. The success of the offering caused a sharp advance in the Harriman stocks on the Stock Exchange today and influential in strengthening the whole market. Bankers regarded the outcome as an indication of improvement in the investment market.

WOMEN GUESTS ON TROLLEY TRIP

Local Postal Men and Merchants' Exchange Entertain Many.

More than three hundred members of the Ladies' Auxiliary of the National Letter Carriers' convention, now being held in San Francisco, were the guests of the merchants' exchange this afternoon at Piedmont park. The delegates arrived at the Key Route station at 1 o'clock and were met by a reception committee headed by Mrs. Della Alsdorf, president of the Ladies' Auxiliary of the Letter Carriers in Oakland. The guests were shown about the city and the interesting sights in Berkeley and Piedmont, after which they were taken to Piedmont park. The Oakland letter carriers and the merchants' exchange were the guests for the afternoon.

**POSTOFFICE MEN
WILL TAKE VOTE**

Whether or Not to Affiliate
With Labor Body
Question.

CLEVELAND, Sept. 5.—Resolutions calling for a referendum vote of the 22,000 members of the United National Association

whether or not they wish the association affiliated with the American Federation of Labor was adopted yesterday at the fourteenth annual convention of the organization in session here. The resolutions also say "that the proposed referendum vote shall not be taken until the American Federation of Labor gives assurance to the United Association of Postoffice Clerks that it will respect the decision of the postoffice clerks."

The resolutions add that "the majority vote of the individual members shall determine the policy as a whole."

Frank T. Rogers of Chicago was elected to his twelfth term as national president of the organization.

**WAR VETERANS IN
MILITARY PARADE**

More Than 1000 Former Soldiers Also at Perry Banquet.

BUFFALO, N. Y., Sept. 5.—The United Spanish War Veterans laid aside the business of their tenth annual encampment yesterday to take part in the big military parade of the Perry Centennial celebration. Over 1000 veterans attended the annual banquet last evening. The nominating committee today will report the following tickets:

Commander-in-chief, John Lewis Smith and Henry W. Busch; senior vice-commander-in-chief, Edgar E. Barker and John O'Donoghue; junior vice-commander-in-chief, George Leyde of Hawaii, Charles O'Donnell of Cuba and W. W. Dayton of the Philippines; surgeon-general, Herman Burgin; chaplain-in-chief, W. H. I. Rev. and J. Madison Haver; historians, Edward H. White and William J. S. Dineen.

**NO TIPPING ALLOWED
IN PUBLIC STATIONS**

PORTLAND, Ore., Sept. 5.—Any person who offers a tip to an attendant in the public refreshment stations now being opened by the city in the retail district, will violate a stringent rule of the place. Any attendant who accepts a tip will be subject to summary discharge.

**MIAMI MOB STONES
MEXICAN TO DEATH**

GLOBE, Ariz., Sept. 5.—Knox Laird was convicted by a jury last night for the murder of Jose Perez at Miami on May 11. The Mexican was stoned to death.

Testimony at the trial related a history of gang rule at the mining town, describing the night of Perez's death as a "night of terror."

Robert Leary, also charged with the murder of Perez, will be put on trial tomorrow.

WILL DIRECT EXHIBIT

LONDON, Sept. 5.—Lord Kintore announced yesterday that if the British government permits in refusing to exhibit at the Panama Exposition in San Francisco, in 1915 the committee in charge of the Anglo-American Exposition here next year will organize and manage the British exhibit at San Francisco.

**Blood is Purified
Quickly in Summer**

Here is a Remedy that has Wonderful
Action and Promotes Health.

Mingling with your food, arousing stomach action, absorbed immediately into your blood, the famous remedy known as S. S. S. has a wonderful action. Its main purpose is to stimulate cellular activity or that peculiar process which instantly changes the worn-out cells for the new red blood corpuscles.

The medicinal value of the components of S. S. S. is relatively that as vital to healthy blood as the nutrient obtained from grain, meat, fats, sugars or any other part of our daily food is to the natural reconstructive requirements of the tissues. And there is one component of S. S. S. which serves the active purpose of stimulating the cellular tissue to a healthy and judicious selection of its own essential nutrient. Thus, in cases of skin disease such as eczema, acne, herpes, tetter or psoriasis, first purify your blood with S. S. S. so it will enable the tissues to rebuild their cellular strength and repair.

**ZIONISTS BREAK
UP IN DISORDER**

Committee Attempts to Get
Control of Financial
Institutions.

VIENNA, Sept. 4.—The Zionist congress broke up today in disorder. The president, David Wolffsohn, was forced to suspend the sitting, owing to the tumult.

The trouble arose over an attempt of the inner executive committee to secure control of the two Zionist financial institutions, the Colonial Trust and the National Fund. Both are vested in separate managements. Thus differences of opinion, which have existed since the movement started, now threaten an open rupture. The absence from the congress of several notable men, such as Max Nordau,

The funds originally were desuined exclusively for a political propaganda and to obtain concessions from the sultan of Turkey, while the executive committee, composed of the so-called practicals, want the money used for the actual work of settlement in Palestine.

The political faction of the congress vehemently opposed the committee's proposition. The speaker fiercely denounced the administrative work of the executive committee.

all the best traditions of the founders of the movement. President Wolffsohn made an especially violent attack on the committee and declared that Max Nordau purposely had absented himself because of the policy the committee had adopted.

The Russian delegates also strongly advocated a return to the ideas of Herzl.

WASHINGTON, Sept. 5.—Those blithely inclined who plan a "ding" when on a visit to another city had better revise their plan of diversion. It developed today that all the fines levied by a police court for violation of the new excise law are being applied to the payment of pensions for members of the police and fire departments of the District of Columbia. As a result, the activity of the police has occasioned pleasant comment by certain enthusiasts and bitter denunciation by others.

"It's come to a pass now where a man does not dare even to hiccough in public," said a man with a red nose as he left the city hall.

Since July 1, when the law became effective the pension fund has been swelled by \$3000 and the prospects are that all pensions to the families of members of both branches of the service will be paid promptly hereafter. They have been in arrears.

**FACTIONS DISPUTE
POWER OF BOARD**

Rival Teachers Begin Merry
War Around Country
School House.

PITTSBURG, Kas., Sept. 5.—As a result of a disputed election of members of the school board held several weeks ago, armed guards surrounded the school house at Curranville a small mining town northeast of here yesterday. Inside, a corps of teachers appointed by one faction of the rival board members conducted the lesson, while outside and just beyond the body of armed guards stood a principal and six teachers appointed by the other faction.

Frequently recitations were interrupted by shouts from the "outsiders" or by the command of some of the guards halting persons venturing near the building. Four women teachers of the "outsiders" were arrested and taken before a justice charged with disturbing the peace. Their trials are set for tomorrow.

**SOPHOMORES VICTORS
OVER FRESHIES IN RUSH**

STANFORD UNIVERSITY, Sept. 5.—In the annual interclass "rush" between the sophomore and freshman classes at Stanford, the second-year men were victorious yesterday afternoon on the Rugby turf. Twenty-five and one-half minutes of hard fighting was necessary before Referee Floyd Brown was able to give the victors to the sophomores. Several thousand spectators witnessed the class battle.

Early yesterday morning the sophomores posted their warning to the incoming students. "It's continued the various 'don't' for the 'freshies' and was the occasion of a spirited contest when the older classmen attempted to plaster the most prominent places on the campus with their placards. The interclass rivalry now ceases as further rushes are prohibited.

"Dad" Moulton, the veteran Stanford center, was with the sophomores. He had 234 and the sophomores an even 200. Floyd Brown, field coach of the Stanford varsity, also noticed the many football possibilities in the lineups of the rival classes.

**GRAND CIRCUIT NOT
ENDED; RAIN CAUSE**

HARTFORD, Conn., Sept. 5.—The Grand Circuit race meeting at Charter

day, but rain caused postponement until tomorrow.

HOLDS UP OFFICERS.

VALLEJO, Sept. 5.—J. Lyons, a rancher living near Suisun, attempted to resist the law by serving an attachment on a pile of hay, defying two deputy sheriffs with a shotgun. Deputy Kinloch was driven from the place with the threat of death. Kinloch returned with Deputy Seaser and after disarming Lyons served the attachment.

BASEBALL CHASER**SAVES TWO LIVES**

Lad Waiting for Foul Over the
Fence Makes Heroic River
Rescue.

DES MOINES, Ia., Sept. 5.—Eagerness on the part of Paul Masser, 15 years old to see a Western League baseball game yesterday afternoon saved two lives. The ball park is located near the Des Moines river and Masser was waiting outside, hoping for a foul ball to come over the fence so he could recover it and get in some money.

While waiting around the park he saw Edith and Ethel Coffman, 10 and 7 years old, floundering in eight feet of water. Their brother, Edward, 13 years old, was on the bank. He had tried to rescue his sisters, but had failed. Masser plunged in and brought both girls to shore.

Then he took off his clothes and dried them, and then he took his mother home and had violated her injunction against going into the water.

**GIVES UP NURSING
TO BECOME BRIDE**

NEW YORK, Sept. 5.—Miss Ethel G. Bird, daughter of Captain G. E. Bird of the steam engineering department of the United States navy, has given up the white cap of the nurse for an engagement ring.

Miss Bird was educated in San Francisco.

COAKLEY IS TIED.

REDWOOD CITY, Sept. 5.—Caleb Coakley, owner of Coakley's roadhouse in Colma, started divorce proceedings yesterday against Bessie Coakley, whom he married with pomp and ceremony last month.

The wedding was performed by the seven justices of the peace of San Mateo county. The present Mrs. Coakley, who is wife No. 2, is charged with cruelty. She was Mrs. Bessie Anthony, a widow, of San Francisco.

**CLUB DEMANDS
STEEL R. R. CARS****WEALTHY COMMUTERS ON NEW
HAVEN ROAD CONTRIBUTE
TOWARD EXPENSE.**

NEW YORK, Sept. 5.—The Car Club, made up of wealthy men who commute between New England points and New York, has taken steps toward securing that it be supplied with steel cars in substitution for the wooden ones which it has been using on the New York New Haven and Hartford railroad, according to reports published here today.

For many years the Car Club has had an arrangement with the New Haven management under which two special parlor cars were provided on morning and evening trains for the exclusive use of members of the club who are assigned to meet the expenses of the special privileges.

Recent wrecks on the New Haven road have caused the Car Club to take up with the railroad management the question of safety and to demand steel cars. At a recent meeting of the club a representative of the railroad is said to have been present to hear the protest and although opposed to any special move in behalf of the club it was arranged that steel equipment would be provided if the members contributed to the extra expense, which they voted to do through an increased assessment.

Among the members of the Car Club are Percy Rockefeller son of William Rockefeller, Commodore E. C. Benedict, well-known yachtsman; John A. Topping, president of the Republic Iron and Steel Company, and several other prominent men who have summer homes in Connecticut.

MATADOR TO RETIRE.

MADRID, Sept. 5.—Bambita, most famous of Spanish bull fighters, is about to retire, having made a fortune of \$100,000. He claims to have killed 3000 bulls. He will make his final appearance on October 19.

**MISSOURI VALLEY
GROWERS MEET****THE FRUIT RAISERS IN SIX STATES
PLAN CO-OPERATION BETWEEN
GROWER AND BUYER.**

KANSAS CITY, Mo., Sept. 5.—A movement to get a better market for the fruit of the Missouri valley was started here yesterday at a meeting of representative fruit growers from Nebraska, Iowa, Oklahoma, Arkansas, Kansas and Missouri. The plan is to bring about co-operation between grower and buyer.

A permanent organization of the fruit growers of each county will be organized by central boards in each state, composed of members of the state horticultural board. A convention of the fruit growers of the six states will be held here January 25 to 29.

John Board, secretary of the Missouri State Board of Horticulture, said the apple crop in the state this year would be 40 per cent less than last year.

**NEW ZEALAND WILL BE
REPRESENTED AT FAIR**

NEW ZEALAND, Sept. 5.—New Zealand will be represented at the Panama-Pacific Exposition at San Francisco. This was decided upon by the government yesterday.

CITIES SCHOOL HEAD.

SAN JOSE, Sept. 5.—Superintendent of Schools Alexander Schaff has been summarily demanded to appear before the city Board of Health at a meeting to be held next Monday evening to explain why he has refused to observe the laws of the state which do not permit children to attend the public schools who have not been vaccinated. The Board of Health insists that Superintendent Schaff fails to follow law and demands an explanation.

**BILLION DOLLARS FOR
SOUTH'S COTTON CROP**

NEW ORLEANS, Sept. 5.—Despite a decrease of nearly 2,000,000 bales as compared with last year's crop, the South received for its 1912-13 commercial crop of cotton, including seed nearly one billion dollars, or more than \$61,000,000 above the value of the 1911-12 crop, according to the annual report of Secretary Hester of the New Orleans Cotton Exchange, made public today.

**MRS. E. PANKHURST
TO SPEAK IN U. S.**

LONDON, Sept. 5.—Mrs. Emmeline Pankhurst, the "leader" of the militant suffragettes will make a visit to the United States when her health is restored, according to an announcement made today. She will address meetings in New York, Boston, Philadelphia and Chicago on suffrage, with special reference to the white slave traffic.

**TEAMSTERS RETURN TO
WORK; WAGES RAISED**

CINCINNATI, Sept. 5.—The teamsters strike which has been in progress for the last two months was ended today when the local union ordered 800 men back to work. Previously about 3000 teamsters had returned to work of their own volition. The owners claim to have won a victory, as recognition of the union was not conceded, although increases in wages were granted in many cases.

DIES AFTER CHASE

PHILADELPHIA, Sept. 5.—A sensational attempt at escape yesterday by two marines, prisoners at the Philadelphia Navy Yard, resulted in the death of Sergeant of Marines George P. Southern, who dropped dead from heart disease, and the serious injury of Loren S. Nichols, a marine, who was knocked unconscious by the escaping prisoners. The prisoners were Charles Sharp and Frederick Schwalbert, recently convicted of desertion. They were recaptured.

THE TULARE DUCKS DYING IN FLOCKS
HANFORD, Sept. 5.—Sportsmen annually hunt ducks on the lake of Lake Tulare see before them a season a dismal outlook. The strange disease which in 1910-1911 appeared among the ducks broken out and thousands of birds dead and more are dying. The birds while fat and apparently in the healthiest condition, become ill with paralysis and are unable to fly and then to walk. The University of California in 1911 investigated the disease, but was unable to trace its origin.

WHITE SLAVE IN "MOVIES"
NEW ORLEANS, Sept. 5.—A theatrical company of moving pictures arrived here this morning to a big moving picture play in which, the New Orleans tender, the play, which is by Charles, is to show the life of the slave from the time of her capture to the time of her liberation. The play will take place at Coliseum, New York.

BAPTIST COLLEGE MAY BE MOVED TO VALLEY
PORTERVILLE, Sept. 5.—Mayor J. E. Tetrault has been informed by the members of the faculty of the California Baptist College at Oakland that the institution will probably be moved in the near future to Porterville.

Several months ago it was decided to move out of the city and at that time the college officials selected a tract of 40 acres of oak-covered land just outside the city limits on Olive street. Later it was found that the college officials could not dispose of their Oakland property to advantage and the project was abandoned.

Mayor Tetrault, who consulted with the college officials on their visit here, has been summoned to Oakland for further consultation.

VANDERBILT DELAYED BY ILLNESS OF HIS SON
NEW YORK, Sept. 5.—Commodore Cornelius Vanderbilt, who was about to sail from England for New York to arrange for the formation of a syndicate that is to build and manage the yacht which will defend the international cup, has been delayed by the illness of his son.

Commodore Vanderbilt yesterday announced the illness.

J. E. MORGAN TO SPEAK AT RICE INSTITUTE
J. Edward Morgan, formerly district organizer of the Western Federation of Miners and well known as a post of revolutionary socialism, will speak on "Revolution and Literature" at the Y. P. & L. Friday at 8:30 p. m. at the Rice Institute, Sweetwood and

MANY FREE TEXT BOOKS ISSUED
Over One Million Distributed and Demand Still Is Heavy.

SACRAMENTO, Sept. 5.—The number of text books distributed free this year to the school children of the state has already reached the enormous total of 1,129,578, which is two and a half times as many as were sold in the same period last year. The total for August reached 371,238, which exceeded all former records, and the total for the past two months is greater than the entire sales of the year.

"There seems to be no limit to the demands for free school books," says State Printer Friend W. Richardson. "During July and August 661,645 books were shipped out which is more than were sold in twelve months last year. In the first eight months of 1912 there were sent out 463,446, but this year the total is now 1,129,578. If Superintendent of Public Instruction Hyatt had not cut down the demands of the school superintendents to the present limit, the demand would have been much greater. The plant is being run to its fullest capacity and I am surprised at the great number of books turned out. At present there are only 166,908 books in the warehouse but during the present month we will manufacture over 125,000. Last month 140,000 were manufactured.

"The free text book plan is both successful and popular. Many children are receiving books who went without before and all of the series are popular. The ruling of the attorney general against supplemental books has increased the demand for the state series. Of course there is also a little human nature cropping out as the books are free, and if free, why not order liberally?"

Superintendent Hyatt advises the schools to be patient and use their old books as much as possible. He says: "Every effort is being made to supply every reasonable demand. The state printing plant is being run to its fullest capacity and is doing well considering the cramped quarters and the great need of more equipment. I expect within two or three months we will be up with the demand. School superintendents are urged to be reasonable in their demands and to use old books when possible. Friends of the free book plan should not handicap it by unnecessary demands and should remember that the constitutional amendment, under the attorney general's opinion, went into effect immediately and hence there was no time to provide more machinery for printing books."

SOUTH SEA MAID VISITS 'MAINLAND'
Princess Salmon of Tahiti on Way to School in St. Paul.

SAN FRANCISCO, Sept. 5.—Among the arrivals from Tahiti on the Royal Mail steamship Moana were M. Leon Geraud, former French governor of Tahiti, accompanied by his wife and son, and Chief Justice Eugene Well of Tahiti.

Former Governor Geraud is returning to France, having been relieved from his post by M. William Fawcett, who sailed from here on the liner Aorangi, July 23. The party left for New York this morning and remain in that city for a few days prior to taking departure for their own country on the steamship La France.

Not the least interesting among the passengers of the Moana is the Princess Ina Salmon of Tahiti, who is traveling to St. Paul, where she will enter a young ladies' school, under the chaperonage of Mrs. J. E. Tilden of that city.

Princess Salmon, who is but 15 years of age, is a member of the famous Salmon family of Tahiti, known on both sides of the Pacific for their friendly hospitality and generosity in dispensing entertainment to visitors in Tahiti. The princess is a niece of Queen Marau and one of the youngest of the royal family.

Princess Salmon, as she prefers to be called, speaks but a few words of English, and these with a delightful French accent. She, however, hopes to pick up the language within a short time and is diligently applying herself to its study.

This is the first trip that the princess has made to the mainland, and she was greatly excited over the prospect of her initial experience in a large city.

GOVERNOR BLEASE TO OPPOSE CHINESE STUDENT
COLUMBIA, S. C., Sept. 5.—Governor Blease was aroused yesterday over the prospect of a Chinese student at the University of South Carolina. On learning that Acting President Moore has invited a Chinese to attend the university, Blease declared he would do all in his power to deter Chinese.

As chairman of the board of trustees by virtue of his office, the Governor said he would, if necessary, call a special meeting and introduce a resolution "not to allow any Chinese, Japanese, Spanish, negro or any other race to enter said institution, except the pure white-blood white man, not even the Cuban."

He included Spanish and Cubans as a fling at his enemy, Captain William E. Gonzalez, Minister to Cuba, whose father was a Cuban.

POWER CONCERN WILL HAVE RIGHT TO DAM
WOODLAND, Sept. 5.—The injunction to refrain the Yolo Water and Power Company from constructing the \$300,000 dam on Clear Lake, Lake county, was not granted yesterday by the Lake county Board of Supervisors. Since the petition of Lake county citizens to the Supervisors asking that the concern be stopped interest has been at fever pitch.

The petition stated the dam would interfere with the natural conditions of Clear Lake.

Roy M. Pike, president of the Lolo Water and Power Company, guaranteed that no such condition would result and building operations were renewed.

ORGANIZE AGAINST BRANDY TARIFF
Resolution Declares Pomerene Amendment Blow to Industry.

SACRAMENTO, Sept. 5.—An immediate campaign of opposition against the Pomerene amendment to the tariff bill providing for an increase of from three cents to 31 1/2 a proof gallon in the tariff on brandy used in the fortification of sweet wine has been launched by California's new viticultural commissioner. A resolution declaring that the adoption of the Pomerene amendment would be a blow to the wine industry of the state was adopted yesterday, and long telegrams, to be followed at once by letters, were sent to each of California's representatives in congress.

C. J. Wetmore of San Francisco was elected president of the commission. Other officers chosen were Frank Sweet, Martinez, vice-president, H. F. Stoll, San Francisco, treasurer, and Edgar Sheehan, Sacramento, secretary, at \$2400 a year.

Lots were drawn by the nine members of the commission to decide the four who will serve two years. Those who get the short terms are H. F. Stoll, Secundo Gaast, Wille N. Griffin and C. J. Wetmore. The other five members serve four years.

The commission decided to begin at once the compilation of a roster of every grape grower of California. Raisin growers of the state who find themselves in a predicament similar to that of the wine men because of the tariff bill were promised help by the commission.

DO YOU FEAR CONSUMPTION?
No matter how chronic your cough or how severe your throat or lung ailment is, Dr. King's New Discovery will help you. It will save your life. Still, it will help you. The best home remedy for coughs, colds, throat and lung troubles. Price 50c and \$1.00. Guaranteed by Os-good Bros.

EDISON DECLARES HORSE IS OBSOLETE
Value of Animal When Compared With Motor Makes It "Has Been."

LOWELL, Mass., Sept. 5.—Mr and Mrs. Thomas A. Edison, Theodore M. and Miss Edison, left here yesterday for Lake Sunapee, N. H. Edison has not fully recovered from his illness, contracted through a cold in Maine, but is steadily regaining his strength.

Pointing to a horse and wagon passing the hotel door, Edison said: "That is not an economical way of doing business. By the introduction of motor wagons horses will be superseded in places where few motors are now used as delivery wagons. The result will be cleaner streets and less congestion. A motor in a wagon is able to give the drawing power of many horses."

"Wonderful results, as you know, have been obtained by development of electric power from Niagara Falls. I do not think the people of this country realize how much electric power has been obtained from the rivers and brooks in the South. I do not believe the Government should turn the water power of the country, but it is a waste of it."

"For commercial purposes I do not think it will be possible to telephone across this country. In theory, and possibly on a stunt, it can be done. The telephone, I do not believe, will ever supersede entirely the telegraph system."

"It may be possible in the future to send through a tube system between cities, packages which are now sent by express or the parcel post system."

Mr. Edison, in concluding, said he expected to be back at work again next week.

CHARLESTON W. VA., Sept. 5.
In a proclamation issued last night Governor Hatfield called a special election for October 14 to elect a successor to Congressman J. W. Davis of the First West Virginia district, who recently resigned to accept the office of solicitor-general of the United States.

NICARAGUA FEARS ANOTHER REVOLUTION
SAN JUAN DEL SUR, Nicaragua, Sept. 5.—The Nicaraguan government hurriedly has sent arms to Granada and other points in anticipation of a possible revolutionary movement.

Reports are current of a liberal plot against the government and the discovery is alleged to have been made that the conspirators have planned a simultaneous rising at Managua and Leon.

DEATH ENDS FAST.
HARRISBURG, Pa., Sept. 5.—William Beideman died here yesterday after a fast of 56 days, during which time he ate only two small pieces of toast. Beideman was close to 96 years of age. His fast was due to grief at the death of a close relative.

It Is Not Price Only That Counts

Sift to the bottom any proposition which seemingly offers a Piano or Player-Piano at a price below its value. Underneath every "phenomenal price reduction" lies future regret for the purchaser. By no magic can good material and high-class workmanship be turned into good Pianos and sold at prices altogether out of proportion to their cost of production.

Our Pianos are worth no less this month than last; no more next month than this; they are built right—by the foremost factories in America—priced right and the greatest inducement for you to purchase here lies in their unfailing quality, and the fact that every dollar invested with us buys One Hundred Per Cent in Piano Quality, Efficiency and Service. Easy payments.

YOUR MONEY'S WORTH OR YOUR MONEY BACK.

Duofold sofa bed in genuine leather

\$57.50 Pay \$6.00 on delivery, balance \$6.00 per month

Upper picture shows the Duofold closed. Only occupies five feet of space; has two cushion effect, making a beautiful piece of furniture, as well as a useful one. The frame is solid oak fumed.

This Duofold when open makes a full size bed, with a tempered steel spring and a removable cotton mattress, good tack, spring and mattress folds up inside. Very rigid construction, simple and easily adjusted from sofa to bed. Makes a comfortable full size bed, as illustrated.

We call attention in particular to the leather used on this sofa bed. It is a splendid quality of real leather, Spanish design, guaranteed, colorings harmonize nicely with the heavy fumed oak frame.

See our model cement cottage

Our exchange department

is proving more popular every day. We are absolutely one-price, everything marked in plain figures. Select articles you want, and if you have some piece of furniture you wish to exchange we'll take it as part payment on new, allowing all we can get out of it; anything that is salable. (Except Mattresses and Bedding)

In the Clay street window; it's a real cottage built in four rooms and reception hall; economically furnished. We want you to come in and look through, offer suggestions, tell us how we can improve on same. It's a regular school for home furnishers. Our aim is to show people how to furnish their home well and economically.
